LEBANON MIDDLE SCHOOL POLICIES, PROCEDURES, AND EXPECTATIONS

ACADEMIC ACHIEVEMENT

The evaluation of the academic achievement of students in the school district is based on the premise that students have diverse capabilities, interests and individual patterns of growth and learning. It is essential that the professional staff have adequate information to assess a student's educational needs, growth patterns and other factors necessary to design instructional plans for the student. Sharing of information among parents/guardians, teachers and students is an integral part of the evaluative process. Through the district's methods of student evaluation and parent/guardian-student-teacher communications, the district strives to meet the following objectives:

- Parents/Guardians will be informed every four weeks as to the progress their children are making in school.
- Parents/Guardians will be alerted and conferred with as soon as possible when a student's performance or attitude becomes unsatisfactory or shows marked or sudden deterioration.
- At comparable levels, the school district will strive for consistency in grading and reporting, except when inappropriate for certain classes or students.
- When grades are given, the school staff will take particular care to explain the meaning of the marks and symbols to students and parents/guardians.

The issuance of grades on a regular basis serves to promote a process of continuous evaluation of student performance in the school district. Grading shall not be influenced by pressure from parents/guardians. In addition, grades are not to be used as a disciplinary measure.

ACCEPTABLE USE POLICY (AUP)

The Lebanon R-III School District's technology exists for the purpose of enhancing the educational opportunities and achievement of district students. Research shows that students who have access to technology improve achievement. In addition, technology assists with the professional enrichment of the staff and increases engagement of students' families and other patrons of the district, all of which positively impact student achievement. The district will periodically conduct a technology census to ensure that instructional resources and equipment that support and extend the curriculum are readily available to teachers and students. Board approved technology policies are EHB and EHBA and can be found online at https://simbli.eboardsolutions.com/SB_ePolicy/SB_PolicyOverview.aspx?S=258

Technology Usage

Policy EHB

The purpose of this policy is to facilitate access to district technology and to create a safe environment in which to use that technology. Because technology changes rapidly and employees and students need immediate guidance, the superintendent or designee is directed to create procedures to implement this policy and to regularly review those procedures to ensure they are current.

Definitions

For the purposes of this policy and related procedures and forms, the following terms are defined:

Technology Resources: Technologies, devices and services used to access, process, store or communicate information. This definition includes, but is not limited to: computers; modems; printers; scanners; fax machines and transmissions; telephonic equipment; mobile phones; audio-visual equipment; Internet; electronic mail (e-mail); electronic communications devices and services, including

wireless access; multimedia resources; hardware; and software. Technology resources may include technologies, devices and services provided to the district by a third party.

User: Any person who is permitted by the district to utilize any portion of the district's technology resources including, but not limited to, students, employees, School Board members and agents of the school district.

User Identification (ID): Any identifier that would allow a user access to the district's technology resources or to any program including, but not limited to, e-mail and Internet access.

Password: A unique word, phrase or combination of alphabetic, numeric and non-alphanumeric characters used to authenticate a user ID as belonging to a user.

Authorized Users

The district's technology resources may be used by authorized students, employees, School Board members and other persons approved by the superintendent or designee, such as consultants, legal counsel and independent contractors. All users must agree to follow the district's policies and procedures and sign or electronically consent to the district's User Agreement prior to accessing or using district technology resources, unless excused by the superintendent or designee. Use of the district's technology resources is a privilege, not a right. No potential user will be given an ID, password or other access to district technology if he or she is considered a security risk by the superintendent or designee.

User Privacy

A user does not have a legal expectation of privacy in the user's electronic communications or other activities involving the district's technology resources including, but not limited to, voice mail, telecommunications, e-mail and access to the Internet or network drives. By using the district's network and technology resources, all users are consenting to having their electronic communications and all other use monitored by the district. A user ID with email access will only be provided to authorized users on condition that the user consents to interception of or access to all communications accessed, sent, received or stored using district technology. Electronic communications, downloaded material and all data stored on the district's technology resources, including files deleted from a user's account, may be intercepted, accessed, monitored or searched by district administrators or their designees at any time in the regular course of business. Such access may include, but is not limited to, verifying that users are complying with district policies and rules and investigating potential misconduct. Any such search, access or interception shall comply with all applicable laws. Users are required to return district technology resources to the district upon demand including, but not limited to, mobile phones, laptops and tablets.

Technology Safety

To protect district technology, employees must have approval from the district's technology director before personal cell phones or computers can be synchronized with the district's network.

Technology Administration

The Board directs the superintendent or designee to assign trained personnel to maintain the district's technology in a manner that will protect the district from liability and will protect confidential student and employee information retained on or accessible through district technology resources. Administrators of district technology resources may suspend access to and/or availability of the district's technology resources to diagnose and investigate network problems or potential violations of the law or district policies and procedures. All district technology resources are considered district property. The district may remove, change or exchange hardware or other technology between buildings, classrooms or users at any time without prior notice. Authorized district personnel may install or remove programs or information, install equipment, upgrade any system or enter any system at any time.

Content Filtering and Monitoring

The district will monitor the online activities of minors and operate a technology protection measure (“content filter”) on the network and all district technology with Internet access, as required by law. In accordance with law, the content filter will be used to protect against access to visual depictions that are obscene or harmful to minors or are child pornography. Content filters are not foolproof, and the district cannot guarantee that users will never be able to access offensive materials using district equipment. Evading or disabling, or attempting to evade or disable, a content filter installed by the district is prohibited. The superintendent, designee or the district's technology administrator may fully or partially disable the district's content filter to enable access for an adult for bona fide research or other lawful purposes. In making decisions to fully or partially disable the district's content filter, the administrator shall consider whether the use will serve a legitimate educational purpose or otherwise benefit the district.

Online Safety, Security and Confidentiality

In addition to the use of a content filter, the district will take measures to prevent minors from using district technology to access inappropriate matter or materials harmful to minors on the Internet. Such measures shall include, but are not limited to, supervising and monitoring student technology use, careful planning when using technology in the curriculum, and instruction on appropriate materials. The superintendent, designee and/or the district's technology administrator will develop procedures to provide users guidance on which materials and uses are inappropriate, including network etiquette guidelines. All minor students will be instructed on safety and security issues, including instruction on the dangers of sharing personal information about themselves or others when using email, social media, chat rooms or other forms of direct electronic communication. Instruction will also address cyberbullying awareness and response and appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms. This instruction will occur in the district's computer courses, courses in which students are introduced to the computer and the Internet, or courses that use the Internet in instruction. Students are required to follow all district rules when using district technology resources and are prohibited from sharing personal information online unless authorized by the district.

All district employees must abide by state and federal law and Board policies and procedures when using district technology resources to communicate information about personally identifiable students to prevent unlawful disclosure of student information or records. All users are prohibited from using district technology to gain unauthorized access to a technology system or information; connect to other systems in evasion of the physical limitations of the remote system; copy district files without authorization; interfere with the ability of others to utilize technology; secure a higher level of privilege without authorization; introduce computer viruses, hacking tools, or other disruptive/destructive programs onto district technology; or evade or disable a content filter.

Closed Forum

The district's technology resources are not a public forum for expression of any kind and are to be considered a closed forum to the extent allowed by law. The district's web page will provide information about the school district, but will not be used as an open forum. All expressive activities involving district technology resources that students, parents/guardians and members of the public might reasonably perceive to bear the imprimatur of the district and that are designed to impart particular knowledge or skills to student participants and audiences are considered curricular publications. All curricular publications are subject to reasonable prior restraint, editing and deletion on behalf of the school district for legitimate pedagogical reasons. All other expressive activities involving the district's technology are subject to reasonable prior restraint and subject matter restrictions as allowed by law and Board policies.

Records Retention

Trained personnel shall establish a retention schedule for the regular archiving or deletion of data stored on district technology resources. The retention schedule must comply with the Public School District Records Retention Manual as well as the General Records Retention Manual published by the Missouri Secretary of State. In the case of pending or threatened litigation, the district's attorney will issue a litigation hold directive to the superintendent or designee. The litigation hold directive will override any records retention schedule that may have otherwise called for the transfer, disposal or destruction of relevant documents until the hold has been lifted by the district's attorney. E-mail and other technology accounts of separated employees that have been placed on a litigation hold will be maintained by the district's information technology department until the hold is released. No employee who has been so notified of a litigation hold may alter or delete any electronic record that falls within the scope of the hold. Violation of the hold may subject the individual to disciplinary actions, up to and including termination of employment, as well as personal liability for civil and/or criminal sanctions by the courts or law enforcement agencies.

Violations of Technology Usage Policies and Procedures

Use of technology resources in a disruptive, inappropriate or illegal manner impairs the district's mission, squanders resources and shall not be tolerated. Therefore, a consistently high level of personal responsibility is expected of all users granted access to the district's technology resources. Any violation of district policies or procedures regarding technology usage may result in temporary, long-term or permanent suspension of user privileges. User privileges may be suspended pending investigation into the use of the district's technology resources. Employees may be disciplined or terminated, and students suspended or expelled, for violating the district's technology policies and procedures. Any attempted violation of the district's technology policies or procedures, regardless of the success or failure of the attempt, may result in the same discipline or suspension of privileges as that of an actual violation. The district will cooperate with law enforcement in investigating any unlawful use of the district's technology resources.

Damages

All damages incurred by the district due to a user's intentional or negligent misuse of the district's technology resources, including loss of property and staff time, will be charged to the user. District administrators have the authority to sign any criminal complaint regarding damage to district technology.

No Warranty/No Endorsement

The district makes no warranties of any kind, whether expressed or implied, for the services, products or access it provides. The district's technology resources are available on an "as is, as available" basis. The district is not responsible for loss of data, delays, nondeliveries, misdeliveries or service interruptions. The district does not endorse the content nor guarantee the accuracy or quality of information obtained using the district's technology resources.

Technology Usage (Technology Safety) Policy EHB-AP (Administrative Procedure)

Student Users

All student users and their parents/guardians must sign or electronically consent to the district's User Agreement prior to accessing or using district technology resources, unless otherwise excused by this policy or the superintendent or designee. Students who are 18 or who are otherwise able to enter into an enforceable contract may sign or consent to the User Agreement without additional signatures. Students

who do not have a User Agreement on file with the district may be granted permission to use the district's technology resources by the superintendent or designee.

Employee Users

No employee will be given access to the district's technology resources unless the employee agrees to follow the district's User Agreement prior to accessing or using the district's technology resources. Authorized employees may use the district's technology resources for reasonable, incidental personal purposes as long as the use does not violate any provision of district policies or procedures, hinder the use of the district's technology resources for the benefit of its students or waste district resources. Any use that jeopardizes the safety, security or usefulness of the district's technology resources or interferes with the effective and professional performance of the employee's job is considered unreasonable. Unless authorized by the employee's supervisor in advance, employees may not access, view, display, store, print or disseminate information using district technology resources that students or other users could not access, view, display, store, print or disseminate.

External Users

Consultants, legal counsel, independent contractors and other persons having business with the district may be granted user privileges at the discretion of the superintendent or designee after consenting to the district's User Agreement and for the sole, limited purpose of conducting business with the school. External users must abide by all laws, district policies and procedures.

General Rules and Responsibilities

The following rules and responsibilities will apply to all users of the district's technology resources:

1. Applying for a user ID under false pretenses or using another person's ID or password is prohibited.
2. Sharing user IDs or passwords with others is prohibited, and users will be responsible for any actions taken by those using the ID or password. A user will not be responsible for theft of passwords and IDs, but may be responsible if the theft was the result of user negligence.
3. Deleting, examining, copying or modifying files or data belonging to other users without their prior consent is prohibited.
4. Mass consumption of technology resources that inhibits use by others is prohibited.
5. Use of district technology for soliciting, advertising, fundraising, commercial purposes or financial gain is prohibited, unless authorized by the district. Use of district technology resources to advocate, support or oppose any ballot measure or candidate for public office is prohibited.
6. Accessing fee services without permission from an administrator is prohibited. A user who accesses such services without permission is solely responsible for all charges incurred.
7. Users are required to obey all laws, including criminal, copyright, privacy, defamation and obscenity laws. The district will render all reasonable assistance to local, state or federal officials for the investigation and prosecution of persons using district technology in violation of any law.
8. The district prohibits the use of district technology resources to access, view or disseminate information that is pornographic, obscene, child pornography, harmful to minors, obscene to minors, libelous, or pervasively indecent or vulgar.
9. Accessing, viewing or disseminating information on any product or service not permitted to minors is prohibited unless under the direction and supervision of district staff for curriculum-related purposes.
10. The district prohibits the use of district technology resources to access, view or disseminate information that constitutes insulting or fighting words, the very expression of which injures or harasses other people (e.g., threats of violence, defamation of character or of a person's race, religion or ethnic origin); presents a clear and present likelihood that, because of their content or their manner of distribution, they will cause a material and substantial disruption of the proper

and orderly operation and discipline of the school or school activities; or will cause the commission of unlawful acts or the violation of lawful district policies and procedures.

11. The district prohibits any use that violates any person's rights under applicable laws, and specifically prohibits any use that has the purpose or effect of discriminating against or harassing any person on the basis of race, color, religion, sex, national origin, ancestry, disability, age, genetic information, pregnancy or use of leave protected by the Family and Medical Leave Act (FMLA).
12. The district prohibits any unauthorized intentional or negligent action that damages or disrupts technology, alters its normal performance or causes it to malfunction. The district will hold users responsible for such damage and will seek both criminal and civil remedies, as necessary.
13. Users may only install and use properly licensed software and audio or video media purchased by the district or approved for use by the district. All users will adhere to the limitations of the district's technology licenses. Copying for home use is prohibited unless permitted by the district's license and approved by the district.
14. At no time will district technology or software be removed from district premises, unless authorized by the district.
15. All users will use the district's property as it was intended. Technology resources will not be moved or relocated without permission from a building administrator. All users will be held accountable for any damage they cause to district technology resources.

Technology Security and Unauthorized Access

1. All users shall immediately report any security problems or misuse of the district's technology resources to a teacher or administrator.
2. Use of district technology resources in attempting to gain or gaining unauthorized access to any technology system or the files of another is prohibited.
3. Use of district technology to connect to other systems, in evasion of the physical limitations of the remote system, is prohibited.
4. The unauthorized copying of system files is prohibited.
5. Intentional or negligent attempts, whether successful or unsuccessful, to interfere with the ability of others to utilize any district technology are prohibited.
6. Users will be granted access privileges to district technology resources as determined appropriate by the superintendent or designee. Any attempt to secure a higher level of privilege without authorization is prohibited.
7. The introduction of computer viruses, hacking tools or other disruptive or destructive programs into a district computer, network or any external networks is prohibited.

Online Safety and Confidentiality

Curricular or non curricular publications distributed using district technology will comply with the law and Board policies on confidentiality. All district employees will abide by state and federal law, Board policies and district rules when using district technology resources to communicate information about personally identifiable students. Employees will take precautions to prevent negligent disclosure of student information or student records.

All students will be instructed on the dangers of sharing personal information about themselves or others over the Internet and are prohibited from sharing such information unless authorized by the district. Student users shall not agree to meet with someone they have met online without parental approval and must promptly disclose to a teacher or another district employee any message the user receives that is inappropriate or makes the user feel uncomfortable.

Electronic Mail and Messaging

A user is responsible for all email and other electronic messages originating from the user's email or other electronic messaging accounts.

1. Forgery or attempted forgery of electronic messages is illegal and prohibited.
2. Unauthorized attempts to read, delete, copy or modify electronic messages of other users are prohibited.
3. Users are prohibited from sending unsolicited mass email or other electronic messages. The district considers more than ten addresses per message, per day a violation, unless the communication is a necessary, employment-related function or an authorized publication.
4. When communicating electronically, all users must comply with district policies, regulations and procedures and adhere to the same standards expected in the classroom.
5. Users must obtain permission from the superintendent or designee before sending any district wide electronic messages.

Communication Devices

Employees and others to whom the district provides mobile phones or other electronic communication devices must use them professionally and in accordance with district policies, regulations and procedures. These devices shall not be used in a manner that would distract the employee or other user from adequate supervision of students or other job duties.

Exceptions

Exceptions to district rules will be made for district employees or agents conducting an investigation of a use that potentially violates the law, district policies or procedures. Exceptions will also be made for technology administrators who need access to district technology resources to maintain the district's resources or examine and delete data stored on district computers as allowed by the district's retention policy.

Waiver

Any user who believes he or she has a legitimate educational purpose for using the district's technology in a manner that may violate any of the district's policies, regulations or procedures may request a waiver from the building principal, superintendent or their designees. In making the decision to grant a waiver to a student, the administrator shall consider the purpose, age, maturity and level of supervision involved.

Investigation of Violations

In the event that the district suspects a violation of board policy, administrative procedure or law involving district technology resources the technology department will:

1. Secure technology resources involved in the suspected violation.
2. Search the technology resources involved in the suspected violation.

The scope of the search will be limited to the extent necessary to determine if a violation has occurred. Building administrators may conduct a parallel investigation that includes interviewing people who may have knowledge about the suspected violation and searching for evidence other than on district technology resources. If the search reveals possible criminal activity, the technology department will stop searching and immediately make a recommendation to the superintendent to contact and cooperate with law enforcement for further investigation. At the request of law enforcement, administrative investigations may be suspended as well. If criminal activity is not suspected the technology department will report findings to the building administrator(s).

ACCIDENTS AT SCHOOL

All accidents occurring at school or at school sponsored activities must be reported immediately to the administration and school nurse. Accidents of a serious nature will be reported immediately to parents and, if necessary, to an appropriate health care provider.

ADMISSIONS

The Board of Education shall provide free public education to all students who are residents of the school district and who are between the ages of five (5) and 21 years and who otherwise qualify for admission under Missouri law unless otherwise required by federal law. Federal law also requires the district to provide services to resident students qualifying for special education services between the ages of three (3) and 21. Any senior qualifying for graduation at the end of the school semester and attaining age 21 during the course of the semester may complete that particular semester tuition free. Persons seeking admission to the district and its instructional programs must satisfactorily meet all residency, academic, age, immunization, discipline and other eligibility prerequisites as established by Board policy and law. Students who are homeless will be admitted in accordance with Board policy and law. Students who transfer to the district from another district will be placed in accordance with Board policy.

Requests for Student Records

Within two (2) business days of enrolling a student, the school official enrolling the student shall request those records required by district policy for student transfer, including discipline records, from all schools previously attended by the student within the last 12 months. Within 48 hours of enrolling a nonresident student placed in the district pursuant to §§ 210.481-.536, RSMo., via foster homes, residential care facilities or child-placing agencies, the school official enrolling the student shall request those records required by district policy for student transfer, including discipline records, from all schools and facilities previously attended by the student; the Department of Social Services; the Department of Mental Health; the Department of Elementary and Secondary Education; and any entity involved with the placement of the student within the last 24 months.

Statement of Prior Suspension, Expulsion or Criminal Offense

The Board of Education requires the parent, guardian or other person having control or charge of a child of school age to provide upon enrollment a signed statement indicating whether the student has been suspended or expelled from a public or private school in this state or any other state for an offense in violation of Board policies. In addition, the person enrolling the student must affirm that the student has not been convicted of or charged with an act listed in the "Admission Restriction" section of this policy. This registration document shall be maintained as a part of the student's scholastic record.

Students Suspended or Expelled from Another District

Without the superintendent or designee permission, no student may enroll in a school in the district during a suspension or expulsion from another in-state or out-of-state school district, including a private, charter or parochial school or school district, if it is determined upon attempt to enroll that the student's conduct would have resulted in a suspension or expulsion in this district. The parent, guardian or student may request a conference with the superintendent or designee to consider if the conduct of the student would have resulted in a suspension or expulsion in this district. The superintendent or designee may make such suspension or expulsion from another district effective if it is determined that such conduct would have resulted in a suspension or expulsion in this district. If it is determined that such conduct would not have resulted in a suspension or expulsion in this district, the superintendent or designee shall not make such suspension or expulsion from another school or district effective. The superintendent or designee will consider whether the student has received the due process required by law before making any decision.

A remedial conference will be held in accordance with Board policy prior to enrollment of any student following a suspension or expulsion from another school for an act of school violence as defined in § 160.261.2, RSMo. The remedial conference will be held regardless of whether such an act was committed at a public or private school in this state, provided that such act shall have resulted in the suspension or expulsion of such student in the case of a private school.

Admission Restriction

In accordance with § 167.171, RSMo., no student may be readmitted or enrolled to a regular program of instruction in the school district who has been convicted of or charged with an act that if committed by an adult would be one (1) of the following:

- First degree murder under section 565.020, RSMo;
- Second degree murder under section 565.021, RSMo;
- Kidnapping when classed as a Class A felony under section 565.110, RSMo;
- First degree assault under section 565.050, RSMo;
- Forcible rape under section 566.030, RSMo;
- Forcible sodomy under section 566.060, RSMo;
- Robbery in the first degree under section 569.020, RSMo;
- Distribution of drugs to a minor under section 195.212, RSMo;
- Arson in the first degree under section 569.040, RSMo;
- Statutory Rape section 566.032 RSMo;
- Statutory Sodomy Section 566.062 RSMo

Nothing in this section shall prohibit the re-admittance or enrollment of any student if a charge has been dismissed or when a student has been acquitted of any of the above acts. This section does not apply to a student with a disability, as identified under state eligibility criteria, who is convicted as a result of an action related to the student's disability. If the district maintains an alternative education program, and the district determines that the placement is appropriate, a student subject to these admissions restrictions may be admitted to such an alternative education program.

AFTER SCHOOL ACTIVITIES

Students are strongly encouraged to participate in or attend all home sporting events and other after-school activities and events. Students are expected to remain seated in designated areas and behave appropriately during games, programs and performances. Once a student leaves any school activity, he/she will not be readmitted. *If a student is removed from any event, he/she may be banned from future activities, both home and away. 1st removal: Suspension from the next one (1) competition in that sport, 2nd removal: Suspension from the next three (3) competitions in that sport, 3rd removal: Permanent suspension from all home and away competitions for the remainder of the school year.* Students are expected to have a ride home and leave immediately after each activity. Appropriate demonstrations of school spirit are expected and encouraged. Proper etiquette is required at all concerts, plays, musicals, assemblies, dances, events and programs.

ALCOHOL AND DRUGS ON SCHOOL PROPERTY

The Lebanon School District is concerned with the health, welfare and safety of its students. Therefore, use, sale, transfer, distribution, possession or being under the influence of unauthorized prescription drugs, alcohol, narcotic substances, unauthorized inhalants, controlled substances, illegal drugs, counterfeit substances and imitation controlled substances is prohibited on any district property, in any district-owned vehicle or in any other district-approved vehicle used to transport students to and from school or district activities. This prohibition also applies to any district-sponsored or district-approved activity, event or function, such as a field trip or athletic event, where students are under the supervision of the school district. The use, sale, transfer or possession of drug-related paraphernalia is also

prohibited. For the purpose of this policy a controlled substance shall include any controlled substance, counterfeit substance or imitation controlled substance as defined in the Narcotic Drug Act, § 195.010, RSMo., and in schedules I, II, III, IV and V in section 202(c) of the Controlled Substances Act, 21 U.S.C. § 812(c).

Students may only be in possession of medication as detailed in Board policy JHCD. Searches of persons reasonably suspected to be in violation of this policy will be conducted in accordance with Board policy. Any student who is found by the administration to be in violation of this policy shall be referred for prosecution and subject to disciplinary action up to and including suspension, expulsion or other discipline in accordance with the district's discipline policy. Strict compliance is mandatory. The school principal shall immediately report all incidents involving a controlled substance to the appropriate local law enforcement agency and the superintendent. All controlled substances shall be turned over to local law enforcement. Students with disabilities who violate this policy will be disciplined in accordance with policy.

ALTERNATIVE SUSPENSION CENTER (ASC)

In the event that students are suspended from attending Lebanon Middle School due to disciplinary consequences, the Lebanon School District provides additional opportunities for students to maintain their academic levels and receive classroom instruction. The Alternative Suspension Center is available for students under disciplinary suspension for three or more school days. Attendance at the Center may be limited due to availability and severity of the offense. Students who are offered this option and who choose not to participate will be counted as absent from school. Attendance at the ASC may also be regulated by the administration and program director. The ASC director will provide additional information upon assignment. Any student who violates ASC rules or who is unable to meet expectations outlined in the Student Code of Conduct will be required to serve the remainder of his/her suspension as an out of school suspension..

ARRIVAL TO SCHOOL

Students arriving at the school before 7:20 a.m. must remain outside or on their bus. Students in the building before 7:45 am must report to the cafeteria for breakfast or to their designated location if they are not eating. It is expected that all students will be in class, fully prepared, and ready to learn by 7:45 a.m. each school day. Students arriving after 7:45 a.m. may face disciplinary action for being tardy. Students who ride a school bus will be dropped off each morning (and picked up in the afternoon) behind the Middle School.

ASSEMBLIES

Assembly programs are an extension of classroom learning situations. Students are expected to conduct themselves at assembly programs as they would during any other classroom activity. Out-of-school guests are frequent visitors during assembly programs and the behavior of the student body during such programs reflects favorably or unfavorably on the school and the student body. Therefore misbehavior such as whispering, booing, or other forms of disrespect will not be tolerated. Offenders will be appropriately disciplined and may be barred from future assemblies.

Assembly Citizenship

- Find a seat in your assigned section as quickly as possible.
- Give your undivided attention to the person or persons who have the floor.
- Get quiet as soon as the person in charge appears.
- Do not whistle, boo, yell, etc. When you want to applaud, simply clap your hands.
- Leave in a safe and orderly manner when dismissed.

ATTENDANCE POLICY AND PROCEDURES

Lebanon Middle School exists to improve lives through education. The Lebanon School District seeks to enroll and educate all resident children in the community, as required by law and district policy. It is the purpose of this attendance regulation to improve student learning, raise student achievement, and maximize the learning potential of all students at Lebanon Middle School. Students having an IEP, 504 Plan, IHP or other documented medical diagnosis that allows for excessive absences will be exempt from the excessive absence appeal process; if the student's plan addresses reduced attendance.

Compulsory Attendance

Missouri State Law requires all children between 7 and 17 years of age to regularly attend a public, private, parochial, parish, home school or a combination of such schools for the duration of the entire school term. Parents, guardians or other persons having legal custody of a student may obtain a court order requiring the student to attend school until the student receives a high school diploma or its equivalent, or reaches the age of 18. In addition, the Lebanon R-III School District provides educational programming for all students between the ages of five (5) and seven (7) and beginning at the age of three (3) for students qualified for special education services. The district may also provide preschool and adult education programs. Once enrolled in the district, the district expects the student to attend regularly and for the student's parent or guardian or other adult having charge, control or custody of the student to communicate regularly and honestly with the district regarding the student's absences. Because the Lebanon R-III School District Board of Education and district staff strongly believe that regular attendance is important in gaining the most from the educational experience and because state law requires district staff to report all instances of abuse and neglect, including educational neglect, the district will make every effort to ensure students are attending school as required by law.

BULLYING AND HAZING

In order to promote a safe learning environment for all students, the Lebanon School District prohibits all forms of hazing, bullying and student intimidation. Students participating in or encouraging inappropriate conduct will be disciplined in accordance with JG-R. Such discipline may include, but is not limited to, suspension or expulsion from school and removal from participation in activities. Students who have been subjected to hazing or bullying are instructed to promptly report such incidents to a school official. In addition, district staff, coaches, sponsors and volunteers shall not permit, condone or tolerate any form of hazing or bullying or plan, direct, encourage, assist, engage or participate in any activity that involves hazing or bullying. District staff will report incidents of hazing and bullying to the building principal. The principal shall promptly investigate all complaints of hazing and bullying and shall administer appropriate discipline to all individuals who violate this policy. District staff that violate this policy may be disciplined or terminated. The superintendent will provide for appropriate training designed to assist staff, coaches, sponsors and volunteers in identifying, preventing and responding to incidents of hazing and bullying. The district shall annually inform students, parents, district staff and volunteers that hazing and bullying is prohibited. This notification may occur through the distribution of the written policy, publication in handbooks, presentations at assemblies or verbal instructions by the coach or sponsor at the start of the season or program.

Bullying: For purposes of this policy, bullying is defined as intimidation or harassment of a student or multiple students perpetuated by individuals or groups. Bullying includes, but is not limited to: physical actions, including violence, gestures, theft, or damaging property; oral or written taunts, including name-calling, put-downs, extortion, or threats; or threats of retaliation for reporting such acts. Bullying may also include cyberbullying or cyber threats.

Cyberbullying: For the purposes of this policy, cyberbullying is typically defined as sending or posting harmful, negative, or cruel text or images using the Internet or any other digital communications device, including cellular phones. A cyber threat includes any online material that threatens or raises concerns about violence against others, destruction of public or private property, suicide, or self-harm. Acts of

cyberbullying can be committed electronically by email or text messaging, on the Internet, on voice mail messages, or any other medium of communication or expression. Cyberbullying and cyberthreats will not be tolerated at Lebanon Middle School. Consequences for verified incidents of cyberbullying and cyberthreats range from in-school suspension, out of school suspension, and expulsion from the school district.

Hazing: For purposes of this policy, hazing is defined as any activity, on or off school grounds, that a reasonable person believes would negatively impact the mental or physical health or safety of a student or put the student in a ridiculous, humiliating, stressful or disconcerting position for the purposes of initiation, affiliation, admission, membership or maintenance of membership in any group, class, organization, club or athletic team including, but not limited to, a grade level, student organization or school-sponsored activity. Hazing may include those actions that subject a student to extreme mental stress including, but not limited to, sleep deprivation, physical confinement, forced conduct that could result in extreme embarrassment or criminal activity, or other stress-inducing activities. Hazing may also include, but is not limited to: acts of physical brutality; whipping; beating; branding; exposing to the elements; forced consumption of any food, liquor, drug or other substance; forcing inhalation or ingestion of tobacco products; or any other forced physical activity that could adversely affect the physical health or safety of an individual. Hazing may occur even when all students involved are willing participants. Hazing does not occur when a student is required to audition or try out for an organization when the criteria are reasonable, approved by the district and legitimately related to the purpose of the organization.

BUS ROUTES

Bus routes, schedules and stops will be developed under the direction of the superintendent following procedures set by the State Board of Education. The purpose of bus scheduling and routing will be to achieve maximum service with a minimum fleet of buses and to render reasonable and equal service to all eligible students. School bus routes will be approved by the Board no later than October for initial approval, and no later than June for the final modifications made during the school year. Bus routes will follow the most direct roads practicable for bus travel to serve those students entitled to transportation service. Where an alternate route may be selected without sacrifice of efficiency or economy, preference will be given to that route serving the largest number of students more directly. Routes will be designed to eliminate as many turn-around points as possible and to employ as nearly as practicable the full carrying capacity for each bus trip. No bus will be overloaded. New routes will be established only when capacity of the existing routes has been reached or is imminent. Authorized bus stops will be located at convenient intervals for students and in places where students may board and get off, cross highways and await arrival of buses with the utmost safety permitted by highway conditions. Students will ride their assigned buses, getting on and getting off at their regularly assigned stops, unless a note from their parent or guardian authorizes students to depart at other than their regular stop or to ride a bus other than their assigned bus. Bus notes will be subject to approval by the superintendent or designee. In unusual or emergency situations, parents/guardians may request to have their child picked up or dropped off at a different spot by directly communicating to the superintendent or designee.

BUS TRANSPORTATION

The Board, in accordance with state law, may provide free transportation for eligible students attending the district's schools. The superintendent shall ensure that the transportation services of the district meet all of the requirements established by the Missouri Department of Elementary and Secondary Education as well as the policies that pertain directly to the qualifications of transportation operators and operational procedures adopted by the Board of Education. Resident students living three and one-half miles or more from school will be entitled to free transportation to and from school. The Board of Education may also provide transportation to resident students who live less than three and one-half miles from school. Transportation for a student with a disability will be provided if the IEP team

determines that such transportation is necessary as a related service due to the student's disability. Transportation for special education students or students classified as homeless will be provided in accordance with law. The superintendent shall ensure that the transportation services of the district meet all state and federal laws as well as other requirements of the Board of Education. Students may be transported in leased vehicles, private vehicles, common carriers or other contracted transportation as allowed by law and permitted by the Board. All district employees or other persons who drive district-owned or district-leased transportation or who transport students in private vehicles as an agent for the district must meet applicable state and federal laws as well as district policies and procedures. Students, parents/guardians, bus drivers and school officials must work together to provide for the safe transportation of students. The school buses, bus stops, and all other forms of transportation provided by the district or provided incidental to a school activity are considered school property. Students are subject to district authority and discipline while waiting for, entering and riding district transportation. The superintendent or designee will create and enforce administrative procedures detailing the conduct expected of students and will make that information available to students and parents. Students who fail to observe district rules or fail to contribute to a safe transportation environment will be subject to disciplinary action including, but not limited to, suspension of the privilege of riding the bus. Students with disabilities will be disciplined in accordance with their Individualized Education Program (IEP) or applicable law. The bus driver or other authorized personnel shall report all misbehavior or dangerous situations to the principal as soon as possible.

BICYCLES AND SKATEBOARDS

Any student riding a bicycle to school must park it in a designated parking area and lock it securely. The school will not be responsible for damaged or stolen bicycles. Skateboards and rollerblades are not to be used on school property or carried inside school buildings. It is the student's responsibility to secure these items in a locker or other approved location.

CAFETERIA PROCEDURES

Students are allowed approximately twenty-eight minutes to eat lunch and are required to do so in the cafeteria. The Food Services Department uses a computerized meal tracking system. This system allows the department to keep an accurate record of each student's account. If deposits are made using a personal check, please make certain that the child's first and last names are written on the memo line. Students may bring extra money to purchase items from the a la carte menu. Students are expected to clean any mess that is made before leaving the cafeteria (both on the floor and on the table). Food and beverage items are not to leave the cafeteria for any reason.

Board Policy EF-AP1

Unless meals are provided at no charge, the district expects students and employees to pay for meals prior to or at the time of receipt. The ability to charge meals is a privilege, not a right, and is subject to the limitations established in this procedure.

1. A student may not accumulate more than \$10 of unpaid meal charges.
2. Students may not charge à la carte items.
3. A student with money in hand will not be denied a meal even if the student has past due charges.
4. Students will not be identified, singled out, shamed or punished by the district for the failure of their parents/guardians to pay for or provide meals, and the district will not withhold student records in violation of law.

Alternative Meals: A student who has accumulated the maximum unpaid meal charges and is still unable to pay for meals may be provided an alternative meal. Alternative meals will be on the regular serving line and will be available to all students as an alternative to the regular meal. If a student has

been provided a regular meal, that meal will not be taken away from the student even if the student should have been provided an alternative meal due to unpaid meal charges.

Delinquent Debt: Unpaid meal charges will be considered a delinquent debt 90 days after notice that charges are due when no payment or payment plan agreement has been made. Unpaid charges will be considered delinquent as long as the district determines the debt is collectible and efforts to collect the debt are ongoing. The district will make reasonable efforts to collect delinquent debt, including turning over unpaid meal charge balances to a collection agency when the superintendent or designee determines such action is in the best interest of the district. The district's Nonprofit School Food Services Account (NSFSA) funds may be used to cover the costs of reasonable efforts to collect delinquent debt, including costs associated with using a collection agency.

A legible, physician signed, Medical Statement for a special diet due to allergy or digestive problems must be received from the student's physician within two weeks from the start of school or two weeks from when the medical problem is identified and the need for a special diet is required. The form that must be completed by the physician may be obtained from the school nurse. The school nurse will retain this on file. Students requesting special consideration for "likes and dislikes" will not be honored as these are personal preferences and not medical necessities.

- Meal Costs: breakfast-Free, lunch \$2.70, reduced lunch \$0.40
- Closed lunch period – students are **NOT** permitted to leave school grounds during the lunch period. Further, students are not permitted to call-in food orders prior to their lunch shift. Food deliveries at any time during the school day are not permitted unless approved by the administration.
- All students must report to the school cafeteria during their lunch shift, unless they are under the direct supervision of a teacher. This includes those who bring their lunch. During the lunch period, students are not to be in the hallways or in unsupervised classrooms.
- Students are to observe courtesy and proper manners while eating and are to return plates, silverware, glasses and discarded food and trash to the designated places after eating. Students who deliberately create a mess or problems in the cafeteria will be subject to discipline and will be assigned a time and a place to eat after a conference with the administration.

CANCELLATIONS

All students will be contacted by the School Reach automated calling system when school is to be canceled due to inclement weather or other extenuating circumstances. Local radio and regional television stations will also report school cancellations as they are made available by the superintendent.

CLASSIFICATION OF STUDENTS

The Board believes that a student should be placed in the grade level and classes that best meet the student's academic needs, after consultation with the student's parent/guardian. A student's social and emotional needs will also be considered, to the extent that they affect academic progress. Although the district will first consider placing students in grade levels or classes with students of similar age, age will not necessarily be the determining factor. Further, any student's placement may be adjusted by the principal or designee as needed, after consultation with the student's parent/guardian. The district's administrative staff will make the final decision regarding assignment of students to grade levels or classes. Students receiving special education services will be placed in accordance with law.

Transfers from Accredited Schools

For the purposes of this policy, an "accredited school" is the Missouri Course Access and Virtual School Program (**MOCAP**); a private agency where students with disabilities are placed by a public school; or

any school accredited by the Missouri Department of Elementary and Secondary Education (DESE), the North Central Association of Colleges and Schools (NCA), the Independent Schools Association of the Central States (ISACS) or the University of Missouri Committee on Accredited Schools Non-Public (CAS). If a school is located in another state or country, that school must be accredited by that state's or country's department of education, NCA, ISACS or the equivalent agencies. In general, if a student transfers to the Lebanon R-III School District from an accredited school, this district will accept the units of credit completed in the previous school and rely on the grade-level placement in the previous school to the extent that it coincides with the district's program. However, the district may adjust the student's placement as needed to meet his or her educational needs, after consultation with the student's parent/guardian. All credits must be equated to the Carnegie Unit as defined in Missouri. Only credits that correspond to course offerings accepted by the Missouri State Board of Education or by the Lebanon R-III School District may be accepted to meet graduation requirements.

Transfers from Unaccredited Schools

For the purposes of this policy an "unaccredited school" is any public, private or home school that does not meet the definition of "accredited" above. In general, if a student transfers to the Lebanon R-III School District from an unaccredited school, the principal or designee will examine a number of criteria to determine grade-level or class placement including age, achievement tests or other performance data, transcripts, course descriptions, textbooks used and homeschooling logs. If necessary, the district will administer additional tests to aid placement decisions. Once placed, the district may further adjust the student's placement to meet his or her educational needs, after consultation with the student's parent/guardian. The district will attempt to award credit for classes completed in previous schools if there is sufficient evidence of achievement. All credits must be equated to the Carnegie Unit as defined in Missouri. Only credits that correspond to course offerings accepted by the Missouri State Board of Education or by the Lebanon R-III School District may be accepted to meet graduation requirements.

Transfers of Students of Military Families

If a transfer student is in the household of an active duty member of the military, including some veterans who are deceased or injured as defined by law, the district will initially place the student in the same courses and programs the student was in while attending the previous district, to the extent the district offers such courses and programs. Such placements may include, but are not limited to: honors classes; vocational, technical and career pathway courses; and International Baccalaureate, Advanced Placement, English Language Learner and gifted programs. After placement, the district may perform additional evaluations to ensure that the student has been placed appropriately and may change the student's placement after consultation with the student's parent/guardian.

CLASSROOM EXPECTATIONS

All students will meet the following expectations on a daily basis:

- Students will be in their classroom and ready to learn when the tardy bell rings.
- Students will be prepared for class by having their books, supplies, and completed homework.
- Students will be respectful of the teacher, other students, and school property.
- Students will be safe and orderly at all times.
- Students will maintain a positive attitude toward learning.

COMPLAINTS AND GRIEVANCES

Alleged acts of unfairness or any decision made by school personnel, except as otherwise provided for under student suspension and expulsion, which students and/or parents/guardians believe to be unjust or in violation of pertinent policies of the Board or individual school rules, may be appealed to the school principal or a designated representative.

The following guidelines are established for the presentation of student complaints and grievances:

- The principals shall schedule a conference with the student and any staff members involved to attempt to resolve the problem. Parents/Guardians may be involved in the conference, or a later conference for parents/guardians may be scheduled at the discretion of the principal.
- If the problem is not resolved to the satisfaction of the student and/or parents/guardians, a request may be submitted for a conference with the superintendent of schools. The superintendent shall arrange a conference to consider the problem, and to inform participants of the action that will be taken.
- If the student and/or parents/guardians are not satisfied with the action of the superintendent, they may submit a written request to appear before the Board of Education. Unless required by law, a hearing will be at the discretion of the Board. The decision of the Board shall be final.
- All persons are assured that they may utilize this procedure without reprisal.

COUNSELING SERVICES

The district's comprehensive counseling program provides important benefits to all students at all grade levels by addressing their personal, social, academic and career development needs. The program is implemented in each attendance area and is considered an integral part of each school's educational program. It is implemented by certified school counselors with the support of teachers, administrators and students. The Lebanon R-III School District counseling program will adhere to the standards of the Missouri Comprehensive Counseling Program and strive to meet the program goals in each of the following areas:

Personal and Social Development

- Assist students in gaining an understanding of self as an individual and as a member of diverse local and global communities by emphasizing knowledge that leads to the recognition and understanding of the interrelationship of thoughts, feelings and actions in students' daily lives.
- Provide students with a solid foundation for interacting with others in ways that respect individual and group differences.
- Aid students in learning to apply physical and psychological safety and promoting the student's ability to advocate for him- or herself.

Academic Development

- Guide students to apply the skills needed for educational achievement by focusing on self-management, study and test-taking skills.
- Teach students skills to aid them as they transition between grade levels or schools.
- Developing and monitoring personal educational plans, emphasizing the understanding, knowledge and skills students need to develop a meaningful Individual Career & Academic Plan (ICAP). ICAP's will be initiated for all students no later than eighth grade.

Career Development

- Enable students to apply career exploration and planning skills in the achievement of life career goals.
- Educate students about where and how to obtain information about the world of work and postsecondary training and education.
- Provide students the opportunity to learn employment readiness skills and skills for on-the-job success, including responsibility, dependability, punctuality, integrity, self-management and effort.

The counseling staff at Lebanon Middle School consists of:

Landon Widhalm	Student last names A-G
Andrea Patterson	Student last names H-O
Melissa Fisher	Student last names P-Z
Mary Beal	Administrative Assistant

CRISIS INTERVENTION PLAN

The Lebanon R-III School District has a crisis intervention plan to help school district administrators and faculty deal effectively with crises that could interfere with the normal daily operation of school. This plan outlines and describes the district's guidelines for responding to most crises. All staff members with a need to know will be provided in-service training concerning these guidelines.

DANCES/REWARD PARTIES

Lebanon Middle School offers a variety of events throughout the school year. Only currently enrolled students will be allowed to attend school dances/parties. Students are not allowed to leave and re-enter a school event. Students will be expected to behave in a safe, responsible, and respectful manner at all times during school events. If a student is removed from a school event, they may not attend any school events for the remainder of the school year. Prior disciplinary consequences may exclude students from dances or after school activities.

DELIVERIES TO SCHOOL

Food deliveries at any time during the school day are not permitted unless approved by the administration. Flowers will be accepted only on Valentine's Day or other designated day. No glass or balloons will be allowed on district transportation. Flowers and gifts that come to the school at other times will not be accepted by the school.

DIRECTORY INFORMATION

Directory information is information contained in an education record of a student that generally would not be considered harmful or an invasion of privacy if disclosed. Directory information may be prepared for mass release (school yearbook, school directory, local newspaper, website, school announcements, etc.) unless parents indicate they do not wish the information to be disclosed. The district designates the following items as directory information:

- Student's name, parent's name, address, and telephone number(s)
- Date and place of birth, grade level
- Weight and height (student athletes)
- Bus assignment
- Enrollment status (full-time or part-time)
- Dates of attendance
- Degrees, honors, and awards received
- Artwork or coursework that is displayed by the district
- Most recent previous school attended
- Photographs, videotapes, digital images, and recorded sound UNLESS such items would be considered harmful, confidential, or an invasion of privacy
- Participation in school-based activities, clubs, organizations, and sports

DRESS CODE

The Board of Education recognizes the value of allowing individual student expression as well as the necessity of protecting student health and safety and maintaining an atmosphere conducive to education. Student dress code procedures must be designed with the goal of balancing these competing interests.

All dress code procedures will adhere to health and safety codes and comply with applicable law. Dress that materially disrupts the educational environment will be prohibited. No procedure will impose dress and grooming rules based on gender in violation of Title IX. District procedures will specifically define ambiguous terms, and examples will be provided when practicable.

Extremes in dress, personal hygiene, and overall personal appearance will not be tolerated. Clothing and personal appearance shall not be disruptive or distracting to the overall climate of the school. Any article of clothing or personal belonging that presents a health or safety risk will not be allowed. Some school programs, laboratory activities, physical education and interscholastic athletics may require special hair care, clothing, footwear, and restrictions on jewelry and body piercings to ensure the health and safety of all students. Common sense, a reasonable attitude, and parent support should eliminate the need to correct students in the areas of dress and personal appearance. Final decisions regarding the appropriateness of apparel and/or personal appearance will be at the sole discretion of the school's administration. Failure to comply with the Dress Code guidelines will be interpreted as insubordination and will be treated as such per the Code of Conduct.

The following regulations are designed to set *limits* on what is permissible at school and school sponsored activities:

- Clothing cannot, in any way, either directly or indirectly, advertise, endorse, or suggest the use of tobacco products, alcoholic beverages, or illegal drugs and/or substances.
- Clothing cannot, in any way, either directly or indirectly, display or suggest graphics of a sexual nature, profane or disparaging language, obscene language, gang affiliation, illegal activity, racial discrimination, violence, or anything else that is socially unacceptable or inappropriate for the high school setting.
- Any dress or statement that may cause a hostile, intimidating, degrading, offensive, harassing or discriminatory environment is prohibited.
- Hats, head coverings, and sunglasses shall not be worn inside the school building at any time unless approved by an administrator, a physician and/or the school nurse, or for designated school occasions.
- Long chains and/or studded accessories are prohibited.
- Clothing must completely cover undergarments, private areas, and other areas of the body that are typically hidden from public view.
- Nightwear, pajamas, bathrobes, blankets, and other similar items will not be permitted.
- Clothing that has *excessive or revealing* rips, tears or holes is not permitted.
- Shirts and blouses must extend beyond the belt level in both the front and the back.
- Appropriate shoes or sandals must be worn at all times (house slippers are not allowed).
- Trench-type coats are not to be worn in the school building or at school sponsored activities.
- Writing on self and/or others is not permitted.

Drug Testing

A student may be accused of being illegally under the influence of a drug based on witness testimony, impairment, or other persuasive evidence. If the student chooses to take a drug test as a part of his/her defense, the test must satisfy the following criteria to be considered valid:

1. The test must take place before the student leaves administration supervision.
2. An impartial party must observe the collection of the urine sample.
3. The testing will be done at the location of the school's choice at the expense of the student. Tests that do not meet these standards will not be considered in the student's defense.

DUE PROCESS

All students will be afforded due process as guaranteed by the U.S. Constitution. The process will be in accordance with state and federal laws, as well as provisions outlined in the Board of Education policies and regulations on student suspension and expulsion.

ELECTRONIC DEVICES AND CELL PHONES

Cell phones and other electronic devices that are not authorized for educational purposes will be prohibited during the school day. Refer to the Student Code of Conduct and Discipline Policies regarding the use of cell phones and other electronic devices during class time without teacher approval. The Lebanon School District will not be responsible for electronic devices that are lost, stolen, or damaged at school or at school sponsored activities.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the confidentiality of a student's educational records. It also requires schools receiving federal money to provide parents access to their child's records and allows them to request modification of the child's educational records. This right is also extended to students who are 18 years of age and older.

FIELD TRIPS

The Board believes that field trips often enhance the program of instruction and add much to the education of a student. Trips may be authorized by the superintendent or delegated representative when the activities contribute substantially to the achievement of desirable educational goals. All parents of students who are eligible to participate in the field trip shall be notified of the activity and will be required to give permission for the student to attend.

FINES

This includes library, textbooks, cafeteria, classroom, athletic, activities, parking fines, art fees, restitution, and/or ID charges.

FLYERS, POSTERS, AND ADVERTISEMENTS

School related flyers, posters, advertisements, signs, and other notices may only be posted with administrative approval. Non-school flyers, posters, signs, or advertisements must be approved by Central Office administration in order to be posted on campus.

FOOD AND BEVERAGE POLICY

With teacher permission, school approved food, snacks, and beverages may be permitted. Students will be responsible for the cleanup of any mess or spill associated with these items. All drinks that do not have a secure lid will not be allowed in the building after the 1st hour begins. This includes McDonald's cups, 7Brew, fountain drinks, etc..

FUNDRAISING

District-sponsored fundraising is defined as any activity that has the purpose of raising funds in support of a student activity or program and that is administered and conducted by school staff or students involved in the activity or program.

District-Sponsored Fundraisers

The Board prefers that the school district financially support district-sponsored student programs and activities. However, in some cases it may be necessary to raise funds to help support these district endeavors, and the district may involve students in these fundraising activities. The superintendent and principals will be directly responsible for all district-sponsored fundraising activities conducted in the

district or sponsored in any manner by the district. All district-sponsored fundraising activities must first be approved by the building principal and/or the superintendent or designee and must comply with the requirements set out in district policies and procedures, including the district's wellness program and district funds management rules. All funds collected in a district-sponsored fundraiser will be deposited in district accounts.

Student-Initiated Group Fundraisers

Student-initiated groups are not district sponsored, but these groups have the same access to district facilities, communications channels and fundraising opportunities as other district-sponsored non-curricular groups. These groups may conduct fundraising activities, but must follow the same rules applicable to other district-sponsored non-curricular groups.

Fundraising by Other Groups

For liability and funds management purposes, it is essential that district staff not confuse district-sponsored fundraising with fundraising conducted by booster clubs or other groups not directly controlled by the district. Although the district welcomes community involvement in and support of district programs, the district cannot take responsibility for fundraising or the funds collected by such groups. To avoid confusing parents, students and community members participating in the fundraising efforts, only district-sponsored fundraising subject to district rules may occur during the school day or class time. A group may only use the name, logo or mascot of the district or of a district school in reference to a fundraiser if the fundraiser has been approved by the superintendent or designee or the School Board and the funds raised go to the district as represented in the advertising.

GRADING SYSTEM

Students will not be permitted to leave a classroom for any reason without a hall pass. Before leaving a classroom, students are required to obtain a hall pass.

HEALTH AND MEDICAL INFORMATION

Student health information is a type of student record that is particularly sensitive and protected by numerous state and federal laws. Student health information shall be protected from unauthorized, illegal or inappropriate disclosure by adherence to the principles of confidentiality and privacy. The information shall be protected regardless of whether the information is received orally, in writing, or electronically and regardless of the type of record or method of storage.

FERPA

All administrators will ensure that student and employee health information is protected from intentional or unintentional use or disclosure in violation of law. Administrators and employees will limit incidental use or disclosures made while using the information for otherwise valid reasons.

COMMUNICABLE DISEASES

The following attendance guidelines must be followed closely concerning children with communicable diseases.

- Chickenpox: Exclusion for 6 days after the appearance of the rash.
- Conjunctivitis (Pink Eye): Children should not attend during the acute stage (itching, urning, and matting of the eyes); or for 24 hours after medication has begun.
- Tinea Corpus (Ringworm): Infected children under adequate and continuous medical supervision may attend school. If possible, clothing or bandages should cover lesions.
- Erythema Infectiosum (Fifth Disease): No exclusion necessary unless fever is present.
- Impetigo: Exclude until skin lesions are healed, or until 24 hours after medical treatment starts.
- Influenza: Exclude for duration of fever and until the child is able to resume routine daily activities.
- Head Lice: Exclusion until treatment of scalp, skin, and clothing. Children may return to school after being treated with a pediculicide and after all the nits have been removed from hair. (See District No-Nit Policy)
- Scabies: Exclusion until the day after adequate treatment is completed.
- Streptococcal sore throat and Scarlet Fever: Exclusion until at least 24 hours after antibiotic treatment and free of fever for 24 hours.
- MRSA: Unless directed by a physician, students with MRSA infections will not be excluded from attending school. Exclusion from school will be reserved for those with wound drainage that can't be covered and contained with a clean dry bandage. Students with active infections will be excluded from activities where skin-to-skin contact is likely to occur (e.g., sports) until their infections are healed.

We ask that students and parents adhere to these guidelines. Students are not to attend school or any school sponsored activity (sporting events, school musicals, presentations, field trips, etc.) until the above criteria has been met. Parents/guardians are encouraged to call the school nurse for questions regarding communicable diseases or to receive instructions regarding school exclusion for other communicable diseases.

NOTE: Criteria for exclusion from school are based on the recommendations from the Department of Health and Senior Services.

CONDITIONS REQUIRING A NOTE FROM A DOCTOR

All students, unless exempted by a doctor, nurse practitioner, physician assistant or athletic trainers note/order will be required to participate in physical education courses fully on a daily basis. (note: students may be exempt by an athletic trainer who have a sports related injury)

HEAD LICE

The Lebanon R-III School District encourages regular attendance in school and it is our practice to avoid unnecessary exclusion of students from school. Students with active head lice infestation or nits (eggs) will be excluded from school only to the minimum extent necessary for treatments. The district will perform routine school-wide head lice screenings in all PreK-5 buildings. Students found to have live head lice or nits will be excluded until effective treatment and removal of all nits is completed. The parent/guardian is encouraged to complete treatment and removal of all nits is completed.

The parent/guardian is encouraged to complete treatment and to return student(s) to school the same day when possible and no later than the next day. Students who have been sent home for head lice or nits may not ride the school bus until they have been reexamined and cleared by the school nurse and returned to class when it is determined that the treatment was effective and all nits have been removed. For students with excessive absenteeism due to head lice, or in cases when treatment is not secured in a

timely manner, the school principal will be notified, and the matter may be reported to the Children's Division of the Department of Social Services.

IMMUNIZATION LAW

Missouri State Law (Section 210.003 RSMo) required children to be adequately immunized before attending school. All student immunizations must be up-to-date or in progress by the first day of school in order to attend. New students enrolling in school must show proof of immunization status prior to starting classes.

INSURANCE

The school DOES NOT carry accident insurance on students. Accident insurance is available for those parents who wish to have their children insured while traveling to and from school and during school hours. Insurance forms will be sent home the first week of school, explaining coverage, cost, etc. All claims will be handled by direct mail.

MEDICATION GUIDELINES

All medication must be delivered, **by the parent/guardian**, to the nurse's office. **All medications must be picked up by the parent/guardian or by a responsible adult that the parent/guardian has designated.** Medication may not be delivered or taken home by students. All medications that have not been picked up by the end of the school year will be destroyed per school policy.

***MEDICATION MAY NOT BE SENT WITH STUDENTS ON THE BUS FOR ANY REASON.**

Medication should be given at home whenever possible. However, if the physician's orders indicate it must be given during school hours, the medication may be administered at school by complying with the following instructions:

HOMEWORK POLICY

It is the student's responsibility to ensure that all daily assignments are successfully completed and submitted by the due date.

ILLNESS AND INJURY RESPONSE AND PREVENTION

District personnel will provide appropriate first aid and emergency treatment, and contact emergency medical services (EMS) when appropriate, for any individual who is injured or becomes ill while on

district property, on district transportation or at a district activity. Further medical attention, including the cost of services provided by EMS, is the responsibility of the individual unless otherwise required by law.

Procedures for handling emergencies will be established and distributed in each school building.

Eye Protection

When required by law, the district will provide students, staff and visitors with eye protective devices that will be used during all activities defined by law. School principals are authorized to charge for loss, damage or failure to return any eye protective device.

INTERROGATIONS, INTERVIEWS, AND SEARCHES

School lockers, desks and other district property are provided for the convenience of students and, as such, are subject to periodic inspection without notice. Student property may be searched based on reasonable suspicion of a violation of district rules, policy or law. Reasonable suspicion must be based on facts known to the administration, credible information or reasonable inference drawn from such facts or information. Searches of student property shall be limited in scope based on the original justification of the search. The privacy and dignity of students shall be respected. Searches shall be carried out in the presence of adult witnesses and not in front of other students, unless exigent circumstances exist.

The administration will contact law enforcement officials to perform a search if the administration reasonably suspects that a student is concealing controlled substances, drug paraphernalia, weapons, stolen goods or evidence of a crime beneath his or her clothing and the student refuses to surrender such items. Law enforcement officials may be contacted for assistance in performing a search in any case in which a student refuses to allow a search or in which the search cannot safely be conducted.

School employees and volunteers, other than commissioned law enforcement officers, shall not strip search students, as defined in state law, except in situations where an employee reasonably believes that the student possesses a weapon, explosive or substance that poses an imminent threat of physical harm to the student or others and a commissioned law enforcement officer is not immediately available. If a student is strip searched, as defined in state law, by a school employee or a commissioned law enforcement officer, the district will attempt to notify the student's parents/guardians as soon as possible. During an examination, and if reasonable under the circumstances, school employees may require students to empty pockets or remove jackets, coats, shoes and other articles of exterior clothing that when removed do not expose underwear. Employees may also remove student clothing to investigate the potential abuse or neglect of a student, give medical attention to a student, provide health services to a student or screen a student for medical conditions.

School Resource Officers

The school resource officer (SRO) may interview or question students regarding an alleged violation of law. A school resource officer may also accompany school officials executing a search or may perform searches under the direction of school officials.

Interview with Police or Juvenile Officers/Other Law Enforcement Officials

Law enforcement officials may wish to interview students regarding their knowledge of suspected criminal activity and may wish to interrogate students who are themselves suspected of engaging in criminal activity. Such interviews and interrogations are discouraged during class time, except when law

enforcement officials have a warrant or other court order or when an emergency or other exigent circumstances exist. It is the responsibility of the principal or designee to take reasonable steps to prevent disruption of school operations while at the same time cooperating with law enforcement efforts. When law enforcement officials find it necessary to question students during the school day or during periods of extracurricular activities, the school principal or designee will be present and the interview will be conducted in private. The principal will verify and record the identity of the officer or other authority and request an explanation of the need to question or interview the student at school. The principal ordinarily will make reasonable efforts to notify the student's parents/guardians unless the interviewer raises a valid objection to the notification.

Removal of Students from School by Law Enforcement Officials

Before a student at school is arrested or taken into custody by a law enforcement official or other legally authorized person, the principal will verify the official's identity. To the best of his or her ability, the principal will verify the official's authority to take custody of the student. The school principal will attempt to notify the student's parents/guardians that the student is being removed from school.

Interview with the Children's Division

Representatives of the Children's Division (CD) of the Department of Social Services may meet with students on campus. The district liaison will work with CD to arrange such meetings so they are minimally disruptive to the student's schedule. If the student is an alleged victim of abuse or neglect, CD may not meet with the student in any school building or child care facility where the abuse of the student allegedly occurred. The principal will verify and record the identity of any CD representatives who request to meet with or take custody of a student.

Contacts by Guardian Ad Litem and Court-Appointed Special Advocate

When a court-appointed guardian ad litem or special advocate finds it necessary to interview a student during the school day or during periods of extracurricular activities, the school principal or designee must be notified. The principal will verify and record the identity of the individual through the court order that appoints him or her. The interview must be conducted in a private setting and with the least disruption to the student's schedule.

KNIVES

Knives of any length or type are not permitted on school property, in school vehicles, or at school sponsored activities. When it has been determined that a student is in possession of a knife, the knife will be confiscated and returned to a parent or guardian unless the knife is determined to be a weapon as defined by board policy and state statute.

LATE TO SCHOOL

Students arriving late to school must sign in with the attendance secretary and may be counted as either tardy or absent depending upon the time of arrival.

LAW ENFORCEMENT COOPERATION

It shall be the policy of the school district to cooperate with law enforcement agencies in the interest of the larger welfare of all citizens of the community and for the welfare of the student population. Relationships between the schools and officials of law enforcement agencies in investigative matters concerning pupils will take into consideration the respective roles of the schools and law enforcement agencies in assisting and protecting the interests of the community, and ensuring the rights of all concerned. Districts may work with local law enforcement agencies to develop drug and alcohol use prevention and drug and alcohol trafficking suppression programs. School staff will fully cooperate in the prosecution of any crime or threat affecting the school district, to the extent allowed by law. School

districts may report or disclose education records to law enforcement and juvenile justice authorities if the disclosure concerns law enforcement's or juvenile justice authorities' ability to effectively serve, prior to adjudication, the student whose records are released. The officials and authorities to whom such information is disclosed must comply with applicable restrictions set forth in 20 U.S.C. § 1232g (b) (1) (E).

LOCKERS

Lockers and locks are the property of the school district and are provided for students' convenience. Once a locker has been assigned, students may not change locations without administrative approval. It is the responsibility of each student to keep his/her locker clean and neatly organized. All lockers, both in the school and in the gymnasiums, are subject to periodic searches without warning. Lockers must be locked at all times. Students should NOT share their locker combinations with other students. The school district will not be held responsible or liable for any personal items that are lost, stolen, or damaged while in a school locker. Students who damage their lockers or lose their locks will be assessed a reasonable fee. It is the student's responsibility to ensure that all personal items and valuables are secured in a locked locker during the school day, both in the school and in the gymnasiums. The school will not be held responsible for any personal items that a student leaves unattended or unsecured in a locker room. Additionally, drug dogs may be used to search lockers and motor vehicles parked on school property.

MISSOURI STATE HIGH SCHOOL ACTIVITIES ASSOCIATION (MSHSAA)

In order to participate in any Missouri State High School Activities Association event or activity, students must have passed six of seven classes from the previous semester. Lebanon High School will adhere to the non-traditional 1 and 2 MSHSAA standards per eligibility. If a student misses any class without being excused by the administration, the student shall not be considered eligible on that date. Further, the student cannot be certified eligible to participate on any subsequent date until the student attends a full day of classes (MSHSAA Bylaw 2.2.3e). Other requirements for participation are outlined in the school's Activity Handbook.

NON-CURRICULAR PUBLICATIONS

Students may distribute, at reasonable times and places, unofficial material, including but not limited to petitions, buttons, badges, or other insignia. If the district allows students to use its technology resources for non-curricular purposes, any exchange of unofficial material which is delivered or accessed using district technology resources is also subject to this policy. However, students cannot distribute expressions which:

- Are obscene to minors.
- Are libelous.
- Are pervasively indecent or vulgar (secondary schools)/contain any indecent or vulgar language (elementary schools).
- Advertise any product or service not permitted to minors by law.
- Constitute insulting or fighting words, the very expression of which injures or harasses other people (e.g., threats of violence, defamation of character or of a person's race, religion or ethnic origin).
- Present a clear and present likelihood that, either because of their content or their manner of distribution, will cause a material and substantial disruption of the proper and orderly operation and discipline of the school or school activities, will cause the commission of unlawful acts or the violation of lawful school procedures.

Anyone wishing to distribute unofficial material must first submit for approval a copy of the material to the principal or designee 24 hours in advance of desired distribution time, together with the following information:

- Name, phone number of the person submitting the request, date(s) and time(s) of day of intended distribution, and location where material will be distributed.
- The grade(s) of students to whom the distribution is intended. Within 24 hours of submission, the principal (or his or her designee) will render a decision whether the material violates the Guidelines in Section I or the time, place and manner restrictions in Section III of this policy. In the event that permission to distribute the material is denied, the person submitting the request should be informed in writing of the reasons for the denial.

Permission to distribute material does not imply approval of its contents by the school, the administration, the Board, or the individual reviewing the material submitted. If the person submitting the request does not receive a response within 24 hours of submission, the person shall contact the office to verify that the lack of response was not due to an inability to locate the person. If the person has made this verification and there is no response to the request, the material may be distributed in accordance with the time, place and manner provisions in Section III. If the person is dissatisfied with the decision of the principal (or designee), the person may submit a written request for appeal to the superintendent of schools or his or her secretary. If the person does not receive a response within three days (not counting Saturdays, Sundays and holidays) of submitting the appeal, the person shall contact the office of the superintendent to verify that the lack of response is not due to an inability to locate the person. If the person has made this verification and there is no response to the appeal, the material may be distributed in accordance with the time, place and manner provisions in Section III.

At every level of the process, the person submitting the request shall have the right to appear and present the reasons supported by relevant witnesses and material, as to why distribution of the unofficial material is appropriate.

The distribution of unofficial material shall be limited to a reasonable time, place and manner as follows:

- No unofficial material may be distributed during and at the place of a normal school activity if it is reasonably likely to cause a material and substantial disruption of that activity.
- Distribution of unofficial material is prohibited when it blocks the safe flow of traffic within corridors and entrance ways of the school or when it disrupts the use of district technology resources.

Distribution by a student of unofficial material prohibited in Section I or in violation of Section III may be treated as a violation of the student discipline code.

PARENTAL INFORMATION AND RESOURCE CENTER (PIRC)

The Parental Information and Resource Center (PIRC) is funded by the US Department of Education, Office of Innovation and Improvement, established to provide training, information, and support to parents and individuals who work with local districts and schools receiving Title I.A funds. PIRCs provide both regional and statewide services and disseminate information to parents on a statewide basis. PIRCs help implement successful and effective parental involvement policies, programs, and activities that lead to improvements in student academic achievement, and strengthen partnerships among parents, teachers, principals, administrators, and other school personnel in meeting the education needs of children; and to assist parents to communicate effectively with teachers, principals, counselors, administrators, and other school personnel. The recipients of PIRC grants are required to: serve both rural and urban areas, use at least half their funds to serve areas with high concentrations of low-income children, and use at least 30% of the funds they receive for early childhood parent programs. Centers must include activities that establish, expand, or operate early childhood parent education programs and typically engage in a variety of technical assistance activities designed to improve student academic achievement, including understanding the accountability systems in the state and school districts being served by a project. Specific activities often include helping parents to understand the data

accountability systems available to parents and the significance of data for such things as supplemental services and public school choice afforded to their children attending buildings in school improvement. PIRCs generally develop resource materials and provide information about high quality family involvement programs to families, schools, and others through conferences and dissemination of materials. Projects generally include a focus on serving parents of low-income, minority, and limited English proficient children enrolled in schools.

Missouri has two PIRCs—one in St. Louis and one in Springfield. For service and contact information, visit their websites at <http://www.nationalpirc.org/directory/MO-32/html> or <http://www.commpartnership.org/mopirc/index.html>

PERMANENT RECORD

A permanent record is the student's complete school history. It contains grades, attendance, discipline, achievements, honors and awards. This is the basis for recommendations made to other schools, colleges, probable employers, and the government.

PHYSICAL EDUCATION COURSE REQUIREMENTS

All students, unless exempted by a written doctor's order, will be required to dress out and participate in physical education courses on a daily basis. Students must wear appropriate shorts, t-shirts, socks, and shoes (street shoes are not allowed on gym floors). Students must use their assigned locker and lock. Personal items and valuables must be locked in a gym locker at all times. Students are not allowed to leave personal items unattended in the gym or in the locker room. The school district will not be held responsible or liable for lost, stolen, or damaged personal belongings in the locker rooms.

PLEDGE OF ALLEGIANCE

Many members of the community expect schools to instill a sense of patriotism in their students. Lebanon Middle School recites the Pledge every day immediately following the morning announcements. Students are not required to stand for the Pledge or to recite the Pledge and in no way will students be punished for refusing to participate, as long as their refusal is not in any way disorderly or disruptive.

PROHIBITION AGAINST DISCRIMINATION, HARASSMENT and RETALIATION

The Lebanon School District Board of Education is committed to maintaining a workplace and educational environment that is free from illegal discrimination or harassment in admission or access to, or treatment or employment in, its programs, activities and facilities. Discrimination or harassment against employees, students or others on the basis of race, color, religion, sex, national origin, ancestry, disability, age or any other characteristic protected by law is strictly prohibited in accordance with law. The Lebanon R-III School District is an equal opportunity employer. Students, employees and others will not be disciplined for speech in circumstances where it is protected by law.

The Board also prohibits:

- Retaliatory actions based on making complaints of prohibited discrimination or harassment or based on participation in an investigation, formal proceeding or informal resolution concerning prohibited discrimination or harassment.
- Aiding, abetting, inciting, compelling or coercing discrimination or harassment.
- Discrimination or harassment against any person because of such person's association with a person protected from discrimination or harassment due to one (1) or more of the above-stated characteristics.

All employees, students and visitors must immediately report to the district for investigation any incident or behavior that could constitute illegal discrimination or harassment.

Additional Prohibited Behavior

Behavior that is not unlawful or does not rise to the level of illegal discrimination or harassment might still be unacceptable for the workplace or the educational environment. Demeaning or otherwise harmful actions are prohibited, particularly if directed at personal characteristics including, but not limited to, socioeconomic level, sexual orientation or perceived sexual orientation.

Definitions

Discrimination – Conferring, refusing or denying benefits or providing differential treatment to a person or class of persons in violation of law based on race, color, religion, sex, national origin, ancestry, disability, age or any other characteristic protected by law, or based on a belief that such a characteristic exists.

Harassment – A form of discrimination, as defined above, that occurs when the school or work environment becomes permeated with intimidation, ridicule or insult that is sufficiently severe or pervasive enough that it unreasonably alters the employment or educational environment.

Behaviors that could constitute illegal harassment include, but are not limited to, the following acts if based on race, color, religion, sex, national origin, ancestry, disability, age or any other characteristic protected by law or a belief that such a characteristic exists: graffiti; display of written material or pictures; name calling; slurs; jokes; gestures; threatening, intimidating or hostile acts; theft; or damage to property.

Sexual Harassment – A form of discrimination, as defined above, on the basis of sex. Sexual harassment is unwelcome conduct that occurs when a) benefits or decisions are implicitly or explicitly conditioned upon submission to, or punishment is applied for refusing to comply with, unwelcome sexual advances, requests for sexual favors or conduct of a sexual nature; or b) the school or work environment becomes permeated with intimidation, ridicule or insult that is based on sex or is sexual in nature and that is sufficiently severe or pervasive enough to alter the conditions of participation in the district's programs and activities or the conditions of employment. Sexual harassment may occur between members of the same or opposite sex. The district presumes a student cannot consent to behavior of a sexual nature with an adult regardless of the circumstance.

Behaviors that could constitute sexual harassment include, but are not limited to:

- Sexual advances and requests or pressure of any kind for sexual favors, activities or contact.
- Conditioning grades, promotions, rewards or privileges on submission to sexual favors, activities or contact.
- Punishing or reprimanding persons who refuse to comply with sexual requests, activities or contact.
- Graffiti, name calling, slurs, jokes, gestures or communications of a sexual nature or based on sex.
- Physical contact or touching of a sexual nature, including touching of intimate parts and sexually motivated or inappropriate patting, pinching or rubbing.

Grievance – A verbal or written report (also known as a complaint) of discrimination or harassment made to the compliance officer.

Compliance Officer

The Board designates the following individual to act as the district's compliance officer:

Director of Special Programs
224 W. Commercial St.
Lebanon, MO 65536
417-657-6001

The compliance officer will:

- Coordinate district compliance with this policy and the law.
- Receive all grievances regarding discrimination and harassment in the Lebanon R-III School District.
- Serve as the district's designated Title IX, Section 504 and Americans with Disabilities Act (ADA) coordinator, as well as the contact person for compliance with other discrimination laws.
- Investigate or assign persons to investigate grievances; monitor the status of grievances; and recommend consequences.
- Seek legal advice when necessary to enforce this policy.
- Report to the superintendent and the Board aggregate information regarding the number and frequency of grievances and compliance with this policy.
- Make recommendations regarding the implementation of this policy.
- Coordinate and institute training programs for district staff and supervisors as necessary to meet the goals of this policy, including instruction in recognizing behavior that constitutes discrimination and harassment.
- Perform other duties as assigned by the superintendent.

In the event the compliance officer is unavailable or is the subject of a report that would otherwise be made to the compliance officer, reports should instead be directed to Dr. Brad Armstrong, Assistant Superintendent.

Public Notice

The superintendent or designee will continuously publicize the district's policy prohibiting illegal discrimination and harassment and disseminate information on how to report discrimination and harassment. Notification of the district's policy will be posted in a public area of each building used for instruction or employment or open to the public. Information will also be distributed annually to employees, parents/guardians and students as well as to newly enrolled students and newly hired employees. District bulletins, catalogs, application forms, recruitment material and the district's website will include a statement that the Lebanon R-III School District does not discriminate in its programs, activities, facilities or with regard to employment. The district will provide information in alternative formats when necessary to accommodate persons with disabilities.

Reporting

All persons must report incidents that might constitute illegal discrimination or harassment directly to the compliance officer or acting compliance officer. All district employees will direct all persons seeking to make a grievance directly to the compliance officer. Even if the potential victim of discrimination or harassment does not file a grievance, district employees are required to report to the compliance officer any observations, rumors or other information regarding discrimination or harassment prohibited by this policy. If a verbal grievance is made, the person will be asked to submit a written complaint to the

compliance officer or acting compliance officer. If a person refuses or is unable to submit a written complaint, the compliance officer will summarize the verbal complaint in writing. A grievance is not needed for the district to take action upon finding a violation of law, district policy or district expectations. Students, employees and others may address concerns directly with the person alleged to have caused harassment or discrimination in an attempt to resolve the issue, but are not expected or required to do so.

Student-on-Student Harassment

Building-level administrators are in a unique position to identify and address discrimination and harassment between students, particularly when behaviors are reported through the normal disciplinary process and not through a grievance. The administrator has the ability to immediately discipline a student for any behavior that otherwise would lead to disciplinary action in accordance with the district's discipline policy. The administrator will report all incidents of harassment and discrimination to the compliance officer and will direct the parent/guardian and student to the compliance officer for further assistance. The compliance officer may determine that the incident has been appropriately addressed or recommend additional action. When a grievance is filed, the investigation and complaint process detailed below will be used.

Investigation

The district will immediately investigate all grievances. All persons are required to cooperate fully in the investigation. The district compliance officer or other designated investigator may utilize an attorney or other professionals to conduct the investigation. In determining whether alleged conduct constitutes discrimination or harassment, the district will consider the surrounding circumstances, the nature of the behavior, the relationships between the parties involved, past incidents, the context in which the alleged incidents occurred and all other relevant information. Whether a particular action or incident constitutes a violation of this policy requires a determination based on all of the facts and surrounding circumstances. If, after investigation, school officials determine that it is more likely than not that discrimination, harassment or other prohibited behavior has occurred, the district will take immediate corrective action.

Grievance Process Overview

- If a person designated to hear a grievance or appeal is the subject of the grievance, the next highest step in the grievance process will be used.
- Investigation and reporting deadlines are not mandatory upon the district when more time might be necessary to adequately conduct an investigation and to render a decision. When extended, the person filing the complaint will be notified. If more than twice the allotted time has expired without a response, the appeal may be taken to the next level.
- Failure of the person filing the grievance to appeal within the timelines given will be considered acceptance of the findings and remedial action taken.
- The district will investigate all grievances, even if an outside enforcing agency such as the Office for Civil Rights, law enforcement or the CD is also investigating a complaint arising from the same circumstances.
- The district will only share information regarding an individually identifiable student or employee with the person filing the grievance or other persons if allowed by law and in accordance with Board policy.
- Upon receiving a grievance, district administrators or supervisors, after consultation with the compliance officer, will take immediate action if necessary to prevent further potential discrimination or harassment during the pending investigation.

Grievance Process

- Level I – A grievance is filed with the district's compliance officer. The compliance officer may, at his or her discretion, assign a school principal or other appropriate supervisor to conduct the investigation when appropriate.
- Regardless of who investigates the grievance, an investigation will commence immediately, but no later than ten (10) working days after the compliance officer receives the grievance. The compliance officer will complete a written report within 30 working days of receiving the grievance that 1) summarizes the facts; 2) makes conclusions on whether the facts constitute a violation of this policy; and 3) if a violation of this policy is found, recommends corrective action to the superintendent. If someone other than the compliance officer conducts the investigation, the compliance officer or acting compliance officer will review and sign the report. The person who filed the grievance will be notified in writing, in accordance with law and district policy, regarding whether the policy has been violated.
- Level II – Within five (5) working days after receiving the Level I decision, the person filing the grievance may appeal the compliance officer's decision to the superintendent by notifying the superintendent in writing. The superintendent may, at his or her discretion, designate another person (other than the compliance officer) to review the matter when appropriate.
- Within ten (10) working days, the superintendent will complete a written decision on the appeal, stating whether a violation of this policy is found and, if so, stating what corrective actions will be implemented. If someone other than the superintendent conducts the appeal, the superintendent will review and sign the report before it is given to the person appealing. A copy of the appeal and decision will be given to the compliance officer or acting compliance officer. The person who filed the grievance will be notified in writing, in accordance with law and district policy, regarding whether the policy has been violated.
- Level III – Within five (5) working days after receiving the Level II decision, the person filing the grievance may appeal the superintendent's decision to the Board by notifying the Board secretary in writing. The person filing the grievance will be allowed to address the Board, and the Board may call for the presence of such other persons deemed necessary. The Board will issue a decision within 30 working days for implementation by the administration. The Board's decision and any actions taken are final. The Board secretary will give the compliance officer or acting compliance officer a copy of the appeal and decision. The person who filed the grievance will be notified in writing, in accordance with law and district policy, regarding whether the policy has been violated.

Confidentiality and Records

To the extent permitted by law and in accordance with Board policy, the district will keep confidential the identity of the person filing a grievance and any grievance or other document that is generated or received pertaining to grievances. Information may be disclosed if necessary to further the investigation, appeal or resolution of a grievance, or if necessary to carry out disciplinary measures. The district will disclose information to the district's attorney, law enforcement, the CD and others when necessary to enforce this policy or when required by law. In implementing this policy, the district will comply with state and federal laws regarding the confidentiality of student and employee records. Information regarding any resulting employee or student disciplinary action will be maintained and released in the same manner as any other disciplinary record.

PUBLICATIONS

The Board recognizes creative student expression as an educational benefit of the school experience. One medium of expression is student journalism. Some student publications, such as annual yearbooks, magazines, school newspapers and student-created or student-edited web pages, may be educational

devices developed as part of the curriculum to benefit primarily those who compile, edit and publish them. Faculty advisers will be assigned to guide students engaged in these activities. Any commercial advertisements in these publications will conform to administrative procedures. School-sponsored publications and productions are part of the curriculum and are not a public forum for general student use. School authorities may edit or delete material which is inconsistent with the district's legitimate educational concerns. All student media shall comply with the ethics and rules of responsible journalism. Information obtained from a student's personally identifiable education records shall not be disclosed in student publications unless the information is Directory Information or the district has received written consent from the parent/guardian or eligible student to release the information.

PUBLIC NOTICE

All responsible public agencies are required to locate, evaluate, and identify children with disabilities who are under the jurisdiction of the agency, regardless of the severity of the disability, including children attending private schools, highly-mobile children, such as migrant and homeless children, and children who are suspected of having a disability and in need of special education even though they are advancing from grade to grade. The Lebanon R-3 School District assures that it will provide a free, appropriate public education (FAPE) to all eligible children with disabilities between the ages of 3 and 21 under its jurisdiction. Disabilities include autism, deaf/blindness, emotional disorders, hearing impairment and deafness, mental retardation, multiple disabilities, orthopedic impairment, other health impairments, specific learning disabilities, speech or language impairment, traumatic brain injury, visual impairment/blindness, and young children with a developmental delay.

The Lebanon R-3 School District assures that it will provide information and referral services necessary to assist the State in the implementation of early intervention services for infants and toddlers eligible for the Missouri First Steps program.

The Lebanon R-3 School District assures that personally identifiable information collected, used, or maintained by the agency for the purposes of identification, evaluation, placement or provision of FAPE of children with disabilities may be inspected and/or reviewed by their parents/guardians. Parents/guardians may request amendment to the education record if the parent/guardian believes the record is inaccurate, misleading, or violates the privacy or other rights of their child. Parents have the right to file complaints with the U.S. Department of Education or the Missouri Department of Elementary and Secondary Education concerning alleged failures by the district to meet the requirements of the Family Educational Rights and Privacy Act (FERPA).

The Lebanon R-3 School District has developed a Local Compliance Plan for the implementation of State Regulations for the Individuals with Disabilities Education Act (IDEA). This plan contains the agency's policies and procedures regarding storage, disclosure to third parties, retention and destruction of personally identifiable information and the agency's assurances that services are provided in compliance with the General Education Provision ACT (GEPA). This plan may be reviewed at the Central Office for the Lebanon R-3 School District at 321 S. Jefferson. Office hours are from 8:00 a.m. to 4:30 p.m. Monday thru Friday.

RECORDS

In order to provide students with appropriate instruction and educational services, it is necessary for the district to maintain extensive and sometimes personal information about students and families. These records must be kept confidential in accordance with law, but must also be readily available to district personnel who need the records to effectively serve district students. The superintendent or designee will provide for the proper administration of student records in accordance with law, will develop appropriate procedures for maintaining student records and will standardize procedures for the collection and transmission of necessary information about individual students throughout the district. The

building principal shall assist the superintendent in developing the student records system, maintaining and protecting the records in his or her building and developing protocols for releasing student education records. The superintendent or designee will make arrangements so that all district employees are trained annually on the confidentiality of student education records, as applicable for each employee classification.

Health Information

Student health information is a type of student record that is particularly sensitive and protected by numerous state and federal laws. Student health information shall be protected from unauthorized, illegal or inappropriate disclosure by adherence to the principles of confidentiality and privacy. The information shall be protected regardless of whether the information is received orally, in writing or electronically and regardless of the type of record or method of storage.

Directory Information

Directory information is information contained in an education record of a student that generally would not be considered harmful or an invasion of privacy if disclosed. The school district designates the following items as directory information: student's name; parent's name; address; telephone number; date and place of birth; grade level; bus assignment; enrollment status (e.g., full-time or part-time); participation in school-based activities and sports; weight and height of members of athletic teams; dates of attendance; degrees, honors and awards received; artwork or coursework displayed by the district; most recent previous school attended; and photographs, videotapes, digital images and recorded sound unless such photographs, videotapes, digital images and recorded sound would be considered harmful or an invasion of privacy.

Parent and Eligible Student Access

All parents will have the right to inspect their child's education records as allowed by law. As used in this policy, a "parent" includes a biological or adoptive parent, a guardian or an individual acting as a parent in the absence of a natural parent or guardian. The district will extend the same rights to either parent, regardless of divorce, custody or visitation rights, unless the district is provided with evidence that the parent's rights to inspect records have been legally revoked. The rights of the parent transfer to the student once the student turns 18, or attends an institution of postsecondary education, in accordance with law. If a parent or eligible student believes the education records related to the student contain information that is inaccurate, misleading or in violation of the student's privacy, he or she may ask the district to amend the record by following the appeals procedures created by the superintendent or designee. The district will annually notify parents and eligible students of their rights in accordance with law.

Law Enforcement Access

The district may report or disclose education records to law enforcement and juvenile justice authorities if the disclosure concerns law enforcement's or juvenile justice authorities' ability to effectively serve, prior to adjudication, the student whose records are released. The officials and authorities to whom such information is disclosed must comply with applicable restrictions set forth in 20 U.S.C. § 1232g (b) (1) (E). If the district reports a crime committed by a student with a disability as defined in the Individuals with Disabilities Education Act (IDEA), the district will transmit copies of the special education and disciplinary records to the authorities to whom the district reported the crime.

Law enforcement officials also have access to directory information and may obtain access to student education records in emergency situations as allowed by law. Otherwise, law enforcement officials must obtain a subpoena or consent from the parent or eligible student before a student's education records will be disclosed.

Children's Division Access

The district may disclose education records to representatives of the Children's Division (CD) of the Department of Social Services when reporting child abuse and neglect in accordance with law. Once the CD obtains custody of a student, CD representatives may also have access to education records in accordance with law. CD representatives may also have access to directory information and may obtain access to student education records in emergency situations, as allowed by law.

REPORT CARD AND GRADING CYCLES

After the first six weeks of each new semester, students will receive a progress report every four weeks. At the end of each semester, all students will receive a final semester grade report.

RESIDENCY REQUIREMENTS

In order to register a student, the parent, legal guardian, military guardian, person acting as a parent or the student shall provide proof of residency or request a waiver of proof of residency as outlined below and shall complete all admission requirements as determined by Board policies, regulations and procedures. Students who do not meet the residency requirements and are not eligible for a waiver of proof of residency may only apply for admission in accordance with Board policy JECB.

A student is a "resident" student if he or she meets at least one (1) of the following criteria:

- The student physically resides and is domiciled in the district. The domicile of a minor child shall be the domicile of a parent, military guardian pursuant to a military-issued guardianship or court-appointed legal guardian. A "power of attorney" document alone, except a special power of attorney document relevant to the guardianship of a child in the household of an active duty member of the military, is insufficient to satisfy the "court-appointed legal guardian" requirement.
- The student physically resides in the district for reasons other than obtaining access to the district's schools, regardless of with whom the student is living, and has a waiver of proof of residency on file.
- The student is otherwise legally entitled to attend school in the district including, but not limited to: a student who is a homeless child; a student attending a school not in the student's district of residence as a participant in an interdistrict transfer program established under a court-ordered desegregation program; a student who is a ward of the state and has been placed in a residential care facility by state officials; a student who has been placed in a residential care facility due to a mental illness or developmental disability; a student attending a school pursuant to §§ 167.121 and 167.151, RSMo.; a student placed in a residential facility by a juvenile court; a student with a disability identified under state eligibility criteria if the student is in the district for reasons other than accessing the district's educational program; a student attending a regional or cooperative alternative education program; or a student attending an alternative education program on a contractual basis.
- The student is a transitioning military student who was enrolled in the Lebanon R-III School District, but is placed in the care of someone other than the student's parent or military or legal guardian who resides in another school district. Such students will be allowed to continue to attend school in the Lebanon R-III School District without payment of tuition. A transitioning military student is a student who is in the process of transferring from one (1) state or school district to another state or school district and was or is currently in the household of an active duty member of the military, including some veterans who are deceased or injured as defined by law.

Waiver of Proof of Residency

In cases where a student living in the district wishes to register but the student does not live with a parent, military guardian or court-appointed guardian in the district, the student, parent, military guardian, legal guardian or person acting as a parent must request a waiver of proof of residency. Waiver of proof of residency may only be granted on the basis of hardship or good cause. Good cause shall include situations where the student is living in the district for reasons other than attending school in the district. Under no circumstances shall athletic ability be a valid basis of hardship or good cause for the issuance of a waiver. The Board delegates to the superintendent or designee the responsibility of bringing to the Board's attention any application for a waiver in which the student is not clearly entitled to attend school in the district. All other applications will be accepted and granted on behalf of the Board. Once an application for a waiver has been identified for Board review, the Board shall convene a hearing to consider the request as soon as possible, but no later than 45 days after the receipt of the waiver request, or else the waiver shall be granted. The Board president may appoint a committee of the Board to act in lieu of the Board to consider waiver requests.

Once a waiver of proof of residency has been requested, the student may be permitted to register and attend school until such time as the Board decides to grant or deny the waiver request. If the Board grants the waiver request, the student will be allowed to continue attending school in the district. If the Board denies the waiver request, the student shall not be allowed to continue attending school in the district. In instances where there is reason to suspect that admission of the student will create an immediate danger to the safety of other students and employees of the district, the superintendent or designee may convene a hearing within five (5) working days of the registration request to determine whether the student may register.

A transitioning military student who is placed in the care of someone other than the student's parent or military or legal guardian who resides within the district will be granted a waiver without a hearing and allowed to attend school in the district without the payment of tuition.

SAFETY DRILLS

Emergency preparedness drills will be developed by the superintendent or designee in cooperation with the building principals. A sufficient number of drills will be conducted in each building to give instruction and practice in proper actions by staff and students. Emergency procedures will be posted near the door in each instructional area. Instruction in the safety drills (fire, tornado and intruder) will be an ongoing process throughout the school year. Drills shall be held regularly throughout the year. The decision to call for and execute drills will be the responsibility of the superintendent and/or the building principal. Students who misbehave during safety drills will be referred to the administration for immediate disciplinary action. Any student acting upon or assisting others with a false alarm will be suspended up to 180 school days.

District Emergency Plans

It shall be the responsibility of the building principal, in cooperation with the appropriate emergency preparedness officials, to determine shelter areas in the school building or outside that are best suited for the protection of students from severe storms, tornadoes or other emergencies, as well as determine the safest routes to reach those areas. In addition, the district will work with emergency preparedness officials to address off-site emergencies that may occur, such as accidents involving school transportation or emergencies on field trips. Students and staff members may be retained for safety reasons at the school buildings or another safe place during actual emergency conditions. The district plan will include information on communicating with parents and instructions on how parents will locate their students in an emergency. During actual emergency conditions, emergency personnel and emergency vehicles will have priority near the schools.

SCHEDULE CHANGES

With administrative approval, extenuating circumstances may necessitate the changing of some schedules. As a general rule, schedules will not be changed once a new semester has started, unless one or more of the following circumstances have been determined: academic misplacement or a Code of Conduct violation. All schedule changes must be approved by parents, involved teachers, the counselor, and the administration.

SCHOOL HOURS

The school building will be open from 7:20 a.m. until 4:00 p.m. each day. Students should not be in the building before 7:20 a.m. or after 4:00 p.m. unless under the direct supervision of a teacher/coach. Students should not be in the building on weekends, holidays or vacation unless at the invitation and under the supervision of a teacher. Violators are subject to disciplinary consequences.

SCOUTS OF AMERICA EQUAL ACCESS ACT

As required by law, the district will provide equal access to district facilities and related benefits and services and will not discriminate against any group officially affiliated with the Boy Scouts of America, the Girl Scouts of the United States of America or any other youth group designated in applicable federal law.

SCHOOL NUTRITION PROGRAM

No person shall, on the basis of race, color, national origin, sex, age or disability, be excluded from participation in, be denied benefits of, or otherwise be subject to discrimination under a school nutrition program for which the district receives federal financial assistance from the U.S. Department of Agriculture (USDA) Food and Nutrition Service. School nutrition programs include the National School Lunch Program, the Special Milk Program, the School Breakfast Program and the Summer Food Service Program.

The Board will designate an individual to act as the district's compliance officer, and will ensure that the officer's name, business address and telephone number, as well as the statements of nondiscrimination by the district, are published to patrons, employees and students on an annual basis.

All persons who believe they have a complaint of discrimination, harassment or retaliation may utilize Lebanon R-III Board of Education policy ACC, Grievance Procedure for Resolution of Discrimination Complaints. The superintendent shall continue all necessary actions to ensure that discrimination, harassment or retaliation does not occur in the educational program, employment practices or activities of the Lebanon R-III School District.

SECRET ORGANIZATIONS

The Board of Education prohibits the organization of school-sponsored fraternities, sororities or secret organizations wherein membership is determined by members themselves rather than on the basis of free choice. The Board considers those organizations or memberships in those organizations detrimental to the good conduct and discipline of the school. Interference with the instructional program of the Lebanon R-III School District by those groups will not be condoned, and no organizational activities are permitted under the sponsorship of the school district or its personnel.

SELLING

Students are not permitted to sell items at school or conduct personal fundraising. All legitimate fundraising must be approved by the principal and superintendent. Reference the previous section on FUNDRAISING.

SEX EDUCATION

The district is required to notify the parent/guardian of each student enrolled in the district of the basic content of the district's human sexuality instruction to be provided to the student and of the parent's/guardian's right to remove the student from any part of the district's human sexuality instruction. The district is required to make all curriculum materials used in the district's human sexuality instruction available for public inspection as a public record prior to the use of such materials in actual instruction.

SEXUAL HARASSMENT

Sexual harassment is unwelcome conduct that occurs when a) benefits or decisions are implicitly or explicitly conditioned upon submission to, or punishment is applied for refusing to comply with, unwelcome sexual advances, requests for sexual favors or conduct of a sexual nature; or b) the school or work environment becomes permeated with intimidation, ridicule or insult that is based on sex or is sexual in nature and that is sufficiently severe or pervasive enough to alter the conditions of participation in the district's programs and activities or the conditions of employment. Sexual harassment may occur between members of the same or opposite sex. The district presumes a student cannot consent to behavior of a sexual nature with an adult regardless of the circumstance.

Behaviors that could constitute sexual harassment include, but are not limited to:

- Sexual advances and requests or pressure of any kind for sexual favors, activities or contact.
- Conditioning grades, promotions, rewards or privileges on submission to sexual favors, activities or contact.
- Punishing or reprimanding persons who refuse to comply with sexual requests, activities or contact.
- Graffiti, name calling, slurs, jokes, gestures or communications of a sexual nature or based on sex.
- Physical contact or touching of a sexual nature, including touching of intimate parts and sexually motivated or inappropriate patting, pinching or rubbing.

STUDENT-PARENT PORTAL

Infinite Campus is now available to students and parents. Using Infinite Campus, students and parents are able to access their school information via the Internet twenty-four hours a day. Students now have access to online information pertaining to grades, attendance, disciplinary action, meal accounts, and other school related information such as announcements, calendars, unofficial transcripts, and fines/fees. To access the Student Portal, students should go to the district webpage (www.lebanon.k12.mo.us), click on the LMS web page, and follow the directions. Parents also have access to the same information using the Parent Portal. Student grades are updated on a regular basis.

SURVEILLANCE CAMERAS

Lebanon Middle School uses a variety of closed-circuit video surveillance cameras in various locations throughout the campus and on school buses. Surveillance cameras are used 24 hours a day and are used for safety and security purposes. However, information obtained from a surveillance camera may also be used to substantiate conduct violations and/or illegal behavior on school property.

TEXTBOOKS

Textbooks will be provided to students at no charge. Students are responsible for all textbooks and teacher assigned materials until they are returned. If textbooks, materials, or equipment are lost or damaged (i.e. torn pages, writing in book, broken spines, etc.), students will be assessed a fine or a

replacement cost based upon the condition of the item. At the time of issuance, please bring to your teacher's attention any existing damage done to your textbooks or materials.

TOBACCO FREE CAMPUS

In accordance with law and to promote the health and safety of all students and staff, the district prohibits all employees, students and patrons from smoking or using tobacco or tobacco products in all school facilities, buildings and school transportation. This prohibition extends to all facilities the district owns, contracts for or leases to provide educational services, routine health care, daycare or early childhood development services to children, as well as facilities in which services are not provided to children. This prohibition does not apply to any private residence or any portion of a facility that is used for inpatient hospital treatment of individuals dependent on, or addicted to, drugs or alcohol in which the district provides services. The superintendent or designee is authorized to make necessary rules or procedures to clarify and enact this policy.

USE OF FACILITIES

As a service to the community and in accordance with state law, the Board of Education may allow the use of public school facilities by individuals, groups and associations for educational, recreational, social, civic, philanthropic and other similar purposes as the Board deems are for the best interests of the community. Permission to use school facilities will be granted to community organizations and residents by the superintendent, or his or her designee, in keeping with the policies, rules and procedures adopted by the Board. However, such use will not interfere in any way with the regular programs and activities of the school district. A nominal rental fee to cover operational costs (heat, lights, etc.) and custodial service will be charged in accordance with a schedule recommended by the superintendent and approved by the Board. The fee will not be charged to any school-related organization. The Board may consider waiving the fee for special public programs. The use of playgrounds and buildings during the summer months for recreational purposes shall be governed by the superintendent according to the Board policies, rules and procedures. Where possible, a certificate of insurance or hold-harmless agreement shall be provided by the persons or organizations using school facilities. It is expected that proper and adequate supervision will be provided by the person/organization using school district facilities during all times in which the facility is utilized.

VIRTUAL INSTRUCTION

Eligible students may enroll in virtual courses offered through the Missouri Course Access Program (MOCAP). The district will accept all grades and credits earned through district-sponsored virtual instruction and MOCAP. The district will pay the costs of a virtual course only if the district has first approved the student's enrollment in the course as described in this policy. Even if a student or his or her parents/guardians pay the costs for a virtual course, the student or parents/guardians should meet with the principal or designee prior to enrollment to ensure that the course is consistent with the student's academic and personal goals. The district is not required to provide students access to or pay for courses beyond the equivalent of full-time enrollment. The district will provide supervision for students who take virtual courses in district facilities but will not provide supervision for students taking virtual courses offsite. Students taking courses virtually are subject to district policies, procedures and rules applicable to students enrolled in traditional courses including, but not limited to, the district's discipline code and prohibitions on academic dishonesty, discrimination, harassment, bullying and cyberbullying.

Enrollment in Virtual Courses - The superintendent or designee will establish open enrollment periods and registration deadlines for students to enroll in virtual courses offered by the district or through MOCAP. These enrollment periods and registration deadlines will be strictly enforced unless the superintendent or designee determines that an exception is warranted due to circumstances such as a change in a student's health or the long-term suspension of a student. Enrollment periods and registration

deadlines must align with the district's academic calendar and assessment schedule to the extent practicable. A student or parent/guardian must notify the student's principal or designee before the student may enroll in a district-sponsored virtual course or a MOCAP virtual course through the district. The student will be enrolled unless the principal or designee, in consultation with the student's parents/guardians and relevant staff, such as the school counselor or district special education director, determines that there is good cause to refuse the student enrollment in the course. For enrollment in a MOCAP course, good cause is limited to situations where it is not in the best educational interest of the student to enroll in the course. Students or parents/guardians who disagree with the principal's or designee's determination about a MOCAP course can appeal the decision to the Board of Education and the Department of Elementary and Secondary Education (DESE) as detailed later in this policy. For all other virtual courses, students or parents/guardians may appeal the decision to the superintendent or designee, and the superintendent or designee's decision will be final. The superintendent or designee is authorized to consult the district's attorney prior to making a decision.

VISITORS

Parents and patrons of the district are welcome to visit district schools and attend district events; however, all visitors during school hours, including School Board members, shall present a valid photo ID and check in at the main office prior to proceeding elsewhere in the building escorted by a staff member at all times. The principal may waive this procedure for special events. The district discourages parents or others from using the school as a site for visiting students and may refuse the use of the school for that purpose. The Board and administration will not tolerate any person whose presence disturbs classes or district activities or hinders the instructional process. Visitors to district property may not possess weapons, including concealed weapons, on district property, on district transportation or at any district function or activity sponsored or sanctioned by the district unless the visitor is an authorized law enforcement official or is otherwise authorized by Board policy.

Appropriate Behavior

The Lebanon R-III School District believes that district events are a vital part of the total educational program and should be used as a means for developing positive social interaction, good sportsmanship and appropriate behavior, in addition to knowledge and skills. Well-organized and well-conducted programs contribute to the morale of the student body and strengthen school-community relations. To this end, the Board encourages district patrons to exhibit good sportsmanship, citizenship, ethics and integrity at all district events and at all times while on district grounds. The district will work with the Missouri State High School Activities Association (MSHSAA) and other organizations to promote good behavior by the patrons at athletic and other events. The Board will work with parents, alumni associations and local service organizations to keep appropriate behavior a top priority. The superintendent will establish procedures for crowd control at district events consistent with this policy.

Persons Prohibited on or Near District Property or Transportation

The district prohibits all persons who have pled guilty or *nolo contendere* to or have been convicted of or found guilty of violating the following provisions from being on or within 500 feet of any school building, district property, district activity or any vehicle used to transport students:

- Any of the provisions in Chapter 566 of the Missouri Revised Statutes.
- Incest, § 568.020, RSMo.
- Endangering the welfare of a child in the first degree, § 568.045, RSMo.
- Use of a child in a sexual performance, § 568.080, RSMo.
- Promoting a sexual performance by a child, § 568.090, RSMo.
- Sexual exploitation of a minor, § 573.023, RSMo.
- Promoting child pornography in the first degree, § 573.025, RSMo.

- Furnishing pornographic material to minors, § 573.040, RSMo.
- Any offense committed in another state, a foreign country, or under tribal, federal or military jurisdiction that, if committed in this state, would be a violation listed above.

Despite the prohibition in this section, the superintendent may grant permission for a parent, guardian or custodian of a student to be on district property for the limited purpose of attending meetings with district staff or other events. Permission will be granted sparingly, if ever, and only in situations where the parent, guardian or custodian will be supervised at all times. If the superintendent does not grant permission, the parent, guardian or custodian may seek permission from the Board. The superintendent will inform the principal and other relevant district staff of the scope of the permission granted.

Registered Sex Offenders

Sex offenders required to be listed on the Missouri Highway Patrol's sex offender registry, or who have pled guilty, pled *nolo contendere* or been convicted of crimes for which the law currently requires offenders to be listed, regardless of when those crimes were committed, are not allowed on district property or at district activities held on district property except to attend meetings of a public governmental body. The superintendent may also make exceptions for parents, guardians or custodians of students enrolled in the district if the person's presence is necessary to transport the student, may benefit the student educationally, or in situations where the parent, guardian, or custodian will be supervised at all times. This section may not apply to a student entitled by law to be on school grounds for educational services if the student's presence is necessary to obtain those services. The exceptions cited in this section do not apply if the person is otherwise prohibited or banned from district property by other sections of this policy.

Disruptive Conduct

If a visitor's conduct becomes disruptive, threatening or violent, the superintendent, principal or designee may require the visitor to leave. In extreme situations, the superintendent or designee may inform the visitor that he or she is not welcome back on district property or at district events indefinitely or for a specific period of time. During any period of prohibition, the visitor will not be allowed on district property except to attend a meeting of a public governmental body. The superintendent may make exceptions for parents, guardians or custodians of students enrolled in the district if the person's presence is necessary to transport the student, may benefit the student educationally, or in situations where the parent, guardian or custodian will be supervised at all times. This paragraph does not apply if the person is otherwise prohibited or banned from district property by other sections of this policy.

Enforcement

If a visitor prohibited from district property or events under this policy is on district property, district staff will contact law enforcement and/or escort the person from district grounds and inform the person of the district policy prohibiting his or her presence. The superintendent, principal or designee may file a report or sign a complaint with law enforcement on behalf of the district. The Board grants the superintendent or designee the authority to consult an attorney for guidance or to seek a court order banning the visitor from district property. A visitor denied access to district property may request to address the Board on the matter in accordance with Board policy.

VOLUNTEERS

The Board of Education recognizes that community and parent volunteers make valuable contributions to the district's schools and encourages volunteer participation in district programs. Further, parent and community involvement are essential components of high student achievement. The Board endorses a volunteer program and expects its professional staff to encourage and strengthen community and parent

involvement in the schools. The superintendent or designee will create appropriate procedures for attracting, screening and training community and parent volunteers. Volunteering in the district is a privilege, not a right. The district will conduct screening and criminal background checks before any volunteer is placed in a position where he or she will be left alone with a student. The district may decline the services of any volunteer for any legal reason. All information collected on volunteers will be considered confidential to the extent allowed by law and will only be used to protect the students or minimize disruption to the educational environment. Although volunteers will provide support services, they are not substitutes for the professional building staff. Volunteers will work under the direction and supervision of district staff.

The district will require a search of the Missouri Highway Patrol's criminal history database and the Family Care Safety Registry or the central registry of child abuse and neglect of the CD on all persons volunteering in positions where they will be left alone with a single child. The superintendent or designee must receive the results of the background check and officially approve the volunteer before he or she may begin service in the identified volunteer position and may exclude individuals whose criminal background checks reveals that they have exhibited behavior that is violent or harmful to children or adults or reveals behavior that would make him or her unsuitable to volunteer in the district.

WITHDRAWING FROM SCHOOL

Any student who moves or drops from school must arrange a departure conference with his or her parents, a counselor, and the building principal. All textbooks, library books, school materials and equipment, and any other school property must be returned in satisfactory condition before the last day of attendance. Additionally, all fines and fees must be paid before the last day of attendance. The departing student must complete all check out procedures, including an exit survey, before leaving.

STUDENT CODE OF CONDUCT AND DISCIPLINE POLICIES

It is essential that the district maintain a classroom environment that allows teachers to communicate effectively with all students in the class and allows all students in the class to learn. To assist district staff in maintaining the necessary classroom environment, the Board of Education has created a discipline code that addresses the consequences, including suspension or expulsion, for students.

The comprehensive written code of conduct of the district is composed of this policy and includes, but is not limited to, the following policies, procedures and regulations: JG-R, JGA, JGB, JGD, JGE and JGF. A copy of the district's comprehensive written code of conduct will be distributed to every student and the parents/guardians of every student at the beginning of each school year and will be available in the superintendent's office during normal business hours. (JG)

Application (JG)

These policies, regulations and procedures will apply to all students in attendance in district instructional and support programs as well as at school-sponsored activities. Off-campus misconduct that adversely affects the educational climate will also be subject to these policies, regulations and procedures. Students who have been charged, convicted or plead guilty in a court of general jurisdiction for commission of a felony may be suspended in accordance with law.

The Board authorizes the immediate removal of a student upon a finding by a principal or superintendent that the student poses a threat of harm to self or others, as evidenced by the prior conduct of such student. Any such removal will be subject to the appropriate due process procedures and in accordance with law.

No student may be confined in an unattended locked space except in an emergency situation while awaiting the arrival of law enforcement personnel. For the purpose of this policy, a student is unattended if no person

has visual contact with the student, and a locked space is a space that the student cannot reasonably exit without assistance.

Enforcement (JG)

Building principals are responsible for the development of additional regulations and procedures regarding student conduct needed to maintain proper behavior in schools under their supervision. All such regulations and procedures shall be consistent with Board-adopted discipline policies.

Teachers have the authority and responsibility to make and enforce necessary rules for internal governance in the classroom, subject to review by the building principal. The Board expects each teacher to maintain a satisfactory standard of conduct in the classroom. All district staff are required to enforce district policies, regulations and procedures in a manner that is fair and developmentally appropriate and that considers the student and the individual circumstances involved.

All employees of the district shall annually receive instruction related to the specific contents of the district's discipline policy and any interpretations necessary to implement the provisions of the policy in the course of their duties including, but not limited to, approved methods of dealing with acts of school violence, disciplining students with disabilities and instruction in the necessity and requirements for confidentiality.

Detention and/or In-School Suspension of Students (JGB)

The provisions of detention or an in-school suspension program for student violations of policies, rules and procedures shall provide principals with an additional alternative for dealing with disciplinary problems that occur in the schools. When this alternative is appropriate, students will be assigned to serve a specified time period in the in-school suspension program. These assignments, and the determination of the time period for them, shall be determined by the principal, or his or her designee.

Corporal Punishment (JGA-2)

For the purposes of this policy, corporal punishment is the use of physical force as a method of correcting student behavior. No person employed by or volunteering on behalf of the Lebanon R-III School District shall administer corporal punishment or cause corporal punishment to be administered upon a student attending district schools.

A staff member may, however, use reasonable physical force against a student for the protection of the student or other persons or to protect property. Restraint of students in accordance with the district's policy on student seclusion, isolation and restraint is not a violation of this policy.

Student Suspensions and Expulsion (JGD)

The following procedures apply to all students. However, additional procedures for discipline for students with disabilities are sometimes required, as discussed in policy JGE, Discipline of Students with Disabilities.

The Board of Education believes that the right of a child to attend free public schools carries with it the responsibility of the child to attend school regularly and to comply with the lawful policies, rules and procedures of the school district. This observance of school policies, rules and procedures is essential for permitting others to learn at school.

Therefore, the administration may exclude a student from school because of violation of school rules and procedures, conduct which materially or substantially disrupts the rights of others to an education, or conduct which endangers the student, other students or the property of the school. Furthermore, if a student poses a threat to him/herself or others, as evidenced by the prior conduct of such a student, the

administration may immediately remove the student from school. Such actions will be taken in accordance with due process and with due regard for the welfare of both the student and the school.

The terms "suspension" and "removal" refer to an exclusion from school that will not exceed a specific period of time and shall be subject to the due process procedures set forth for "suspensions" in this policy. The term "expulsion" refers to exclusion for an indefinite period.

The district may honor suspensions and expulsions from another in-state or out-of-state school district including a private, charter or parochial school or school district pursuant to law and policy JEC, Student Admissions. Before making any decision to honor such suspensions or expulsions, the superintendent or designee will consider whether the student has received the due process required by law.

Suspensions (JGD)

In Missouri, a principal may suspend a student for up to ten (10) school days. A superintendent may suspend a student for up to 180 school days. Procedures for suspending a student are outlined below.

1. Before suspending a student, a principal or superintendent must (a) tell the student, either orally or in writing, what misconduct he or she is accused of; (b) if the student denies the accusation, explain, either orally or in writing, the facts that form the basis of the proposed suspension; and (c) give the student an opportunity to present his or her version of the incident.
2. If the principal or superintendent concludes that the student has engaged in misconduct punishable by suspension, the procedures described below apply. If the student has a disability as defined in the Individuals with Disabilities Education Act (IDEA) as amended or Section 504 of the Rehabilitation Act, additional procedural safeguards described in the policy dealing with the discipline of students with disabilities apply.
3. The principal or superintendent should determine whether the student should be suspended or whether less drastic alternative measures would be appropriate. In many cases, the principal or superintendent may decide not to suspend a student unless conferences (between the teacher, student and principal and/or between the parent, student and principal) have been held and have failed to change the student's behavior.
4. If suspension is imposed, the student's parents or guardians must be promptly notified of the suspension and the reasons for the action.
5. Any suspension by a principal must be reported, immediately and in writing, to the superintendent, who may revoke the suspension, either part or in full, at any time.
6. If a student is suspended for more than ten (10) school days, the following rules also apply:
 - a. The student, his or her parents, guardians or others having custodial care have a right to appeal the superintendent's decision to the Board or a committee of the Board appointed by the Board president.
 - b. If the student gives notice that he or she wishes to appeal the suspension to the Board, the suspension shall be stayed until the Board renders its decision, unless in the superintendent's judgment, the student's presence poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process.
 - c. All notices of appeal shall be transmitted, either by the appealing party or by the superintendent, to the secretary of the Board. Oral notices, if made to the superintendent, shall be reduced to writing and communicated to the secretary of the Board.
 - d. The superintendent, when notified of an appeal, shall promptly transmit to the Board a full written report of the facts relating to the suspension, the action taken by the superintendent, and the reasons for the action.
 - e. Upon receipt of a notice of appeal, the Board will schedule a hearing and within a reasonable time in advance of the scheduled date, will notify, by certified mail, the appealing

party of the date, time and place of the hearing and of the right to counsel, to call witnesses, and to present evidence at the hearing.

f. Hearings of appealed suspensions will be conducted as described in the section of this policy dealing with student disciplinary hearings.

Suspensions For More Than 180 School Days and Expulsions (JGD)

Only the Board may expel a student or suspend a student for more than 180 school days. The applicable procedures are outlined below.

1. Before recommending to the Board that a student be expelled or suspended for more than 180 school days, the superintendent must:
 - a. tell the student, either orally or in writing, what misconduct he or she is accused of;
 - b. if the student denies the accusation, explain, either orally or in writing, the facts that form the basis of the proposed suspension/expulsion;
 - c. give the student an opportunity to present his or her version of the incident.
2. If the superintendent concludes that the student has engaged in misconduct and should be expelled or suspended for more than 180 school days, the procedures described below apply unless the student has a disability. (In the case of a student with a disability, the procedures described in the policy dealing with the discipline of students with disabilities shall apply.)
 - a. The superintendent will recommend to the Board that the student be expelled or suspended for more than 180 school days. The superintendent may also immediately suspend the student for up to 180 school days.
 - b. Upon receipt of the superintendent's recommendation, the Board will follow the procedures described in the section of this policy dealing with student disciplinary hearings.
3. If the student is expelled, he or she may later apply to the Board for readmission. Only the Board can readmit an expelled student.

Student Discipline Hearings (JGD)

The Board of Education may originate student discipline hearings upon recommendation of the superintendent. In such cases, the Board of Education will review the superintendent's report and determine whether to conduct a disciplinary hearing. In addition, student discipline hearings also will be held upon written request of the student or the student's parents, to consider appeals from student suspensions in excess of ten (10) school days. A discipline hearing will always be held in cases of suspensions in excess of 180 school days or expulsions, unless after meeting with the superintendent or designee, the parent or guardian waives, in writing, the right to an expulsion hearing.

In all hearings, whether initiated by the Board of Education or by appeal, the following procedures will be adhered to:

1. The student and the parents/guardians will be advised of the charges against the student; their right to a Board hearing; the date, time and place of the hearing; their right to counsel; and their procedural rights to call witnesses, enter exhibits and cross-examine adverse witnesses. All such notifications will be made by certified mail, addressed to the student's parents or guardians. The Board shall make a good-faith effort to have the parents or guardians present at the hearing.
2. Prior to the Board hearing, the student and the student's parents/guardians will be advised of the identity of the witnesses to be called by the administration and advised of the nature of their testimony. In addition, the student and the student's parents/guardians will be provided with copies of the documents to be introduced at the hearing by the administration.

3. The hearing will be closed unless the Board decides otherwise. The hearing will only be open with parental consent. At the hearing, the administration or their counsel will present the charges and such testimony and evidence to support such charges. The student, his or her parents/guardians or their counsel shall have the right to present witnesses, introduce exhibits, and to cross-examine witnesses called in support of the charges.

4. At the conclusion of the hearing, the Board of Education shall deliberate in executive session and shall render a decision to dismiss the charges; to suspend the student for a specified period of time; or to expel the student from the schools of the district. The administration or its counsel, by direction of the Board of Education, shall promptly prepare and transmit to the parents/guardians written notice of the decision.

Remedial Conference (JGD)

Prior to the readmission or enrollment of any student who has been suspended out of school or expelled in accordance with this policy for any "act of school violence" as defined in § 160.261.2, RSMo., and Board policy JGF, a conference must be held to review the student's conduct that resulted in the suspension or expulsion and any remedial actions needed to prevent future occurrences of such conduct or related conduct. The conference shall include the appropriate school officials including any teacher directly involved with the conduct that resulted in the suspension or expulsion, the student, and the parent or guardian of the student or any agency having legal jurisdiction, care, custody or control of the student. The Board of Education shall notify, in writing, the parents or guardians and all other parties of the time, place and agenda of any such conference. Failure of any party to attend this conference shall not preclude holding the conference. This requirement applies to enrolling students transferring from another school as well, regardless of whether the "act of school violence" was committed at a public school or at a private school in Missouri, provided that such act shall have resulted in the suspension or expulsion of such student in the case of a private school.

Discipline of Students with Disabilities (JGE)

It is the goal of the Lebanon R-III School District to provide a safe and productive learning environment for all students. The district does not believe in a double standard for misbehavior and holds the welfare and safety of all persons in the district in highest regard. Students with disabilities will be disciplined in accordance with the district's discipline code applicable to all students, subject to the modifications mandated by law. All students, including those with disabilities, will be referred for law enforcement action when required by law and when their conduct constitutes a crime.

The district will comply with all state and federal laws governing the discipline of students with disabilities, including the Individuals with Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act of 1973, applicable regulations and state and local plans for compliance with the law. In addition to the process outlined in special education law, students with disabilities will receive the same due process afforded other students.

The Board delegates to the superintendent or designee the authority to seek the removal of a student with a disability as allowed by federal or state law to an alternative educational setting through the state hearing process or to seek a court injunction ordering removal or a different educational placement.

The superintendent or designee will provide all district employees training on violence prevention, the district's discipline code and the legal requirements for disciplining students with disabilities. The Board delegates to the superintendent or designee the authority to contact the district's legal counsel for legal advice or training on the district's responsibilities.

Discipline Reporting and Records (JGF)

In compliance with state law, the Board of Education establishes clear channels of communication between teachers, administrators, law enforcement officials and other schools concerning acts of school violence and other behaviors that endanger the welfare or safety of students, staff or patrons of the district. The purpose of this policy is to designate specific actions committed by students that must be reported to teachers, administrators and/or law enforcement officials as well as those actions that must be documented in a student's discipline record.

Definitions (JGF)

The following definitions and terms apply to this policy:

- ***School or District Property*** – Property utilized, supervised, owned, rented, leased or controlled by the school district including, but not limited to, school playgrounds, parking lots, school transportation and any property on which any school activity takes place.

Reporting to School Staff (JGF)

School administrators shall report acts of school violence to all teachers at the attendance areas in which the involved students are educated and to other school district employees with a need to know the information to adequately supervise the students and to protect themselves or others. In addition, any portion of a student's individualized education program (IEP) that is related to demonstrated or potentially violent behavior shall be provided to any teachers and other district employees with a need to know the information.

The superintendent or designee will inform district employees with a need to know of any act committed or allegedly committed by a student in the district that is reported to the district by a juvenile officer or an employee of the Children's Division (CD) of the Department of Social Services, sheriff, chief of police or other appropriate law enforcement authority in accordance with state law. Such reports shall not be used as the sole basis for denying educational services to a student.

Reporting to Law Enforcement Officials (JGF)

Any crime listed in this section, or any act that if committed by an adult would be a crime listed in this section, that is committed on school property, on any school transportation or at any school activity must be

reported immediately by the appropriate school administrator to the appropriate law enforcement agency. The following acts are subject to this reporting requirement:

1. First- or second-degree murder under §§ 565.020, .021, RSMo.
2. Voluntary or involuntary manslaughter under § 565.023, .024, RSMo.

18. Stalking under § 565.225, RSMo.

* Immediate reporting of third-degree assault under § 565.070, RSMo., may not be required if an agreement with law enforcement exists.

If the district is aware that a student who is suspended for more than ten days or expelled is under court jurisdiction, the superintendent shall notify the appropriate division of the juvenile or family court of the suspension or expulsion.

All employees shall immediately report to the principal any incident that constitutes a crime, including any incident in which a person is believed to have committed an act that if committed by an adult would be first-, second- or third-degree assault, rape in the second degree or sodomy in the second degree against a student or school employee, while on school property, school transportation or at school activities. Employees shall also inform the principal if a student is discovered to possess a controlled substance or weapon in violation of the district's policy. The principal shall immediately report these listed offenses to the appropriate law enforcement agency and the superintendent. However, if the district has entered into an agreement with law enforcement regarding the reporting of third-degree assaults, the district will report third-degree assaults to law enforcement in accordance with that agreement.

School districts may report or disclose education records to law enforcement and juvenile justice authorities if the disclosure concerns law enforcement's or juvenile justice authorities' ability to effectively serve, prior to adjudication, the student whose records are released. The officials and authorities to whom such information is disclosed must comply with applicable restrictions set forth in state and federal law.

Reporting Third-Degree Assault (JGF)

The superintendent and the appropriate local law enforcement agency may develop a written agreement outlining the procedure for reporting any incident in which a student is believed to have committed an act that if committed by an adult would be third-degree assault. If such an agreement exists in the district, the principal shall report third-degree assaults to the appropriate local law enforcement agency in accordance with the agreement.

Student Discipline Records (JGF)

The Board of Education directs the superintendent or designee to compile and maintain records of any serious violation of the district's discipline policy for each student enrolled in the district. Such records shall be made available to all district employees with a need to know and shall be provided to any school district in which the student subsequently attempts to enroll within five business days of receiving the request, in accordance with state law. If a student is placed in another school by the CD, the records will be transferred to the new school within two business days after notification by the CD. Personally identifiable student records will only be released or destroyed in accordance with state and federal law.

Pursuant to Department of Secondary and Elementary Education (DESE) data reporting requirements, the district shall report rates and durations of, and reasons for, student suspensions of ten days or longer and expulsions.

Confidentiality (JGF)

Any information received by a school district employee relating to the conduct of a student shall be received in confidence and used for the limited purpose of assuring that good order and discipline are maintained in the schools.

Liability (JGF)

Teachers and authorized district personnel, including volunteers selected with reasonable care by the district, shall not be civilly liable when acting in accordance with the Board's policies, including the Board's discipline policies, or when reporting to the appropriate supervisor or other person acts of school violence or threatened acts of school violence, pursuant to law and district policy.

Code of Conduct (JG-R1)

The Student Code of Conduct is designed to foster student responsibility, respect for others, and to provide for the orderly operation of district schools. No code can be expected to list each and every offense that may result in disciplinary action; however, it is the purpose of this code to list certain offenses which, if committed by a student, will result in the imposition of a certain disciplinary action. Any conduct not included herein, any aggravated circumstance of any offense, or any action involving a combination of offenses may result in disciplinary consequences that extend beyond this code of conduct as determined by the principal, superintendent and/or Board of Education. In extraordinary circumstances where the minimum consequence is judged by the superintendent or designee to be manifestly unfair or not in the interest of the district, the superintendent or designee may reduce the consequences listed in this regulation, as allowed by law. This code includes, but is not necessarily limited to, acts of students on district property, including playgrounds, parking lots and district transportation, or at a district activity, whether on or off district property. The district may also discipline students for off-campus conduct that negatively impacts the educational environment, to the extent allowed by law.

Nondiscrimination in Application of Policies (JG-R1)

The Lebanon R-III School District prohibits discrimination on the basis of race, color, national origin, sex, age, disability or military status in its programs and activities as required by: Title IX of the Education Amendments of 1972, Title VI and Title VII of the Civil Rights Act of 1964, the Age Discrimination in Employment Act of 1975, 42 U.S.C. Section 6101, the Americans with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, the Uniformed Services Employment and Reemployment Rights Act and Missouri Law.

Reporting to Law Enforcement (JG-R1)

It is the policy of the Lebanon R-III School District to report all crimes occurring on district property to law enforcement including, but not limited to, the crimes the district is required to report in accordance with law. A list of crimes the district is required to report is included in policy JGF.

The principal shall also notify the appropriate law enforcement agency and superintendent if a student is discovered to possess a controlled substance or weapon in violation of the district's policy.

In addition, the superintendent shall notify the appropriate division of the juvenile or family court upon suspension for more than ten days or expulsion of any student who the district is aware is under the jurisdiction of the court.

Documentation in Student's Discipline Record (JG-R1)

The principal, designee, or other administrators or district staff will maintain all discipline records as deemed necessary for the orderly operation of the schools and in accordance with law and policy JGF.

Conditions of Suspension, Expulsion and Other Disciplinary Consequences (JG-R1)

All students who are suspended or expelled, regardless of the reason, are prohibited from participating in or attending any district-sponsored activity, or being on or near district property or the location of any district activity for any reason, unless permission is granted by the superintendent or designee. When appropriate, the district may prohibit students from participating in activities or restrict a student's access to district property as a disciplinary consequence even if a student is not suspended or expelled from school. Likewise, a student may become ineligible for or be required to forfeit any honors and awards as a disciplinary consequence.

In accordance with law, any student who is suspended for any offenses listed in § 160.261, RSMo., or any act of violence or drug-related activity defined by policy JGF as a serious violation of school discipline, shall not be allowed to be within 1,000 feet of any district property or any activity of the district, regardless of whether the activity takes place on district property, unless one of the following conditions exist:

1. The student is under the direct supervision of the student's parent, legal guardian, custodian or another adult designated in advance, in writing, to the student's principal by the student's parent, legal guardian or custodian, and the superintendent or designee has authorized the student to be on district property.
2. The student is enrolled in and attending an alternative school that is located within 1,000 feet of a public school in the district.
3. The student resides within 1,000 feet of a public school in the district and is on the property of his or her residence.

If a student violates the prohibitions in this section, he or she may be suspended or expelled in accordance with the offense, "Failure to Meet Conditions of Suspension, Expulsion or Other Disciplinary Consequences," listed below.

Extended Summary Suspensions (JG-R1)

An asterisk * within the scope and sequence of a discipline consequence indicates that the potential exists for an extended summary suspension, or a suspension of greater than ten days. In accordance with state statutes § 160.261, § 167.161 and § 167.171 RSMo. and Board of Education policy JGD, Section VI, student suspensions of greater than ten days require a Review Meeting before the superintendent or designee. Extended summary suspensions can be up to 180 school days.

Impact on Grades (JG-R1)

As with any absence, absences due to an out-of-school suspension may result in the student earning a lower grade in accordance with the district's policy on absences.

PROHIBITED CONDUCT AND CONSEQUENCES (JG-R1)

The following are descriptions of prohibited conduct and potential consequences for violations. Building-level administrators are authorized to more narrowly tailor potential consequences as appropriate for the age level of students in the building within the ranges established in this regulation. In addition to the consequences specified here, school officials will notify law enforcement and document violations in the student's discipline file pursuant to law and Board policy.

ACADEMIC MISCONDUCT (ACAD)
