| Important Questions | Answers | Why This Matters: |
| :---: | :---: | :---: |
| What is the overall deductible? | Network: <br> \$3,500 Individual / 7,000 Family <br> Non-Network: <br> $\$ 10,500$ Individual / \$21,000 Family | Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. |
| Are there services covered before you meet your deductible? | Network Provider: Preventive Care | The plan covers some items and services even if you haven't met the deductible amount, but copayment or coinsurance may apply. |
| Are there other deductibles for specific services? | No. | You don't have to meet deductibles for specific services. |
| What is the out-of-pocket limit for this plan? | Network: <br> \$7,000 Individual / \$14,000 Family <br> Non-Network: <br> \$21,000 Individual / \$42,000 Family | The out-of-pocket limit is the most you could pay in a year for covered services. |
| What is not included in the out-of-pocket limit? | Premiums, balance-billing charges (unless balanced billing is prohibited), penalties for failure to obtain precertification and health care this plan doesn't cover. | Even though you pay these expenses, they don't count toward the out-of-pocket limit. |
| Will you pay less if you use a network provider? | Yes. Aetna Network. To locate a provider visit www.aetna.com/asa. | You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services. |
| Do you need a referral to see a specialist? | No. You don't need a referral to see a specialist. | You can see the specialist you choose without a referral. |
