Lifeline Services

Discounted Phone Service and Broadband for Low Income and Government Assisted Households.

On a limited income? You can save with Lifeline services from Fidelity Communications. Lifeline Services are now available on either home phone or broadband services. This government assistance program can help you save on your monthly service charges.

[More Details on Lifeline Services]

Lifeline provides discounts on monthly telephone (wireline or wireless) or broadband (Internet) service for eligible consumers. Federal rules prohibit eligible low-income consumers from receiving more than ONE Lifeline service per household. That is, eligible low-income consumers may receive a Lifeline discount on either a wireline telephone, a wireless telephone or broadband (Internet) service, but may not receive a Lifeline discount on two or more services at the same time. Additionally, only ONE Lifeline service may be obtained per household. "Household" is defined as any individual or group of individuals who live together at the same address as one economic unit. Lifeline support is available to eligible low-income consumers living in group living facilities, ex. assisted living homes, apartments, senior living homes, etc. When initially enrolling in the program, Lifeline applicants may inform representatives that other Lifeline recipients residing at their residential address are part of a separate household.

Visit your local business office to find out if you qualify.

LIFELINE

To participate in the program, consumers must either have an income that is at or below 135% of the federal Poverty Guidelines or participate in one of the following assistance programs:

LIFELINE PROGRAM ELIGIBILITY
